

BRAZIL - Cherries**Current as of: 05/20/2013**

PC is required.

Additional Declaration is required. See PExD for current AD.

Additional Information

- The state of origin must be shown on the PC.
- Fumigation is not available in Brazil.
- If shipment freedom AD is used, then shipment entry into Brazil is restricted.
- The fruit may only enter Brazil through the Port of Santos, Guarulhos International Airport in Sao Paulo, International Airport of Recife/Guararapes Gilberto Freyre, and Ports of Recife and Suape, located in Pernambuco State. Port restriction is related to commodity inspection and pest identification capabilities.
