VANCOUVER POLICE DEPARTMENT

James P. McElvain, Ph.D.
Chief of Police

TRAINING ANNOUNCEMENT for LAW ENFORCEMENT ONLY

Class: 2015 EVOC Instructor Update

Date: March 30 – April 2, 2015

Time: 0700-1900 (Mon. – Wed.) and 0800-1200 (Thurs.)

Price: $500 (limited to 24 training slots)

Cancellation/ No Show: If for any reason it becomes necessary to cancel a registration, you must notify the Registrar via e-mail 7-days prior to the first day of class.

Location: Portland International Raceway (Monday, March 30 and Tuesday, March 31)
1940 North Victory Boulevard, Portland, OR 97217

Clark County Sheriff's Office West Precinct (Wednesday, April 1 and Thursday, April 2)
505 Northwest 179th Street, Ridgefield, WA 98642

Course: 40 hour Instructor Update which includes the following:

Course includes skills exercises and classroom instruction on common Stability Control System operation to increase understanding of the system benefits and limitations. Course includes discussion, designing and setting skills exercises for remedial training. Includes several higher speed dynamic courses, slower speed courses and instructional techniques designed for building driver confidence, knowledge and skill, awareness, understanding of turn radius, void areas and platform limitations.

Attendees will be given a choice of attending either of the following two course offerings:

1. Basic SKIDCAR orientation course to understand how it provides skills in skid avoidance and control by SKIDCAR International Instructor Steve Capellas. This orientation is NOT an Instructor certification in SKIDCAR operation.

2. Certification as a PIT (Pursuit Immobilization Technique) Instructor.

Course includes discussion, designing, setting skills exercises and instructional techniques addressing driver distraction and divided attention components.

Clark County Prosecuting Attorney and Clark County Risk Manager provide a perspective on EVOC training and liability reduction.

The course will also include a WA CJTC EVOC Program update and the CJTC Driving Simulator will be available for orientation and judgment centered training.

Prerequisite: This course is limited to EVOC Instructors only.

Required Equipment: Police vehicle.

Ensure the vehicle you bring has been serviced and is ready for EVOC training. Vehicles must be pursuit rated. 2012 model year vehicles or newer are preferred for stability control system courses.

It is recommended that you bring the vehicle you normally provide training for, i.e.: if you mainly train patrol officers but are assigned a detective vehicle, it is preferable that you bring a patrol vehicle of the type commonly used by your officers/deputies.

Dress Code: Training uniform or other individual approved departmental attire for training. Prepare for long hours and poor weather conditions.

Registration: Please email Carie.Wright@cityofvancouver.us with the attendee's name and their PSN or ID #. If you have any questions regarding the training please contact Sgt. Tim Huberty at Tim.Huberty@cityofvancouver.us.
