The Definitive Field Training Officer & Program Administrators Course

This course is applicable to ALL level of FTO's from new to senior to administrators.

To ALL Public Safety sectors (Police, Fire, Communications, Corrections, Fish & Game, etc.)

We combine FTO, Leadership, Management, Communication, Ethics, and Instructor Development to make this a very unique and impactful course. *(See the "Testimonial" page of our website for proof.)*

We offer a unique and specialized approach to Field Training ~ "Like no other course you may have been to!" We are not centered on the mechanics of a particular program but rather making your trainers and program the best they can be… ***A Successful Training Focus***

This **Advanced Interactive course** is designed to certify new FTO's, enhance the skills of veteran trainers while incorporating supervisors at all levels into their position of oversight of their program. **Regardless of your FTO program; this course is highly beneficial for your FTO's and Administrators by refining their understanding of the awesome responsibility of their roles.**

Accomplished through dual methods of training occurring simultaneously. Focused on: training & evaluation techniques, personalities, learning styles, ethics, instruction methods, leadership styles, mentoring, program and policy development, case law trends, and documentation requirements.

We are often called upon to ***change the mindset of FTO's*** from "critiquers" to "facilitators". Creating a multi-faceted trainer capable of developing trainees into successful confident officers.

We are very accomplished in doing just that!

Wanting to make changes to your program? Design a new one?
You will find this course very beneficial!
