This course is applicable to ALL level of FTO's from new to senior and administrators.
And to ALL Public Safety sectors (Police, Fire, Communications, Corrections, Fish & Game etc.)

We combine FTO, Leadership, Communication, Learning & Teaching Styles, Ethics, and Instructor Development to make this a very unique and impactful course.
(See the "Testimonial" page of our website for proof.)

We offer a unique and specialized approach to Field Training ~ "Like no other course you may have been to!" We are not centered on the mechanics of a particular program but rather making your trainers and program the best they can be… ***A Successful Training Focus***

This advanced interactive course is designed to certify new FTO's, enhance the skills of veteran trainers while incorporating supervisors of all levels into their position of oversight of their program. Regardless of your FTO program; this course is highly beneficial for your FTO's and Administrators by refining their understanding of the awesome responsibility of their roles.

Accomplished through dual methods of training occurring simultaneously. Focused on: training & evaluation techniques, personalities, learning styles, ethics, instruction methods, leadership styles, mentoring, program and policy development, case law trends, and documentation requirements.

~ ~ ~ ~ ~ ~

We are often called upon to ***change the mindset of FTO's*** from "critiquers" to "facilitators". Creating a multi-faceted trainer capable of developing trainees into successful confident officers.

We are very accomplished in doing just that!

Wanting to make changes to your program? Design a new one?
You will find this course very beneficial!

~ ~ ~ ~ ~ ~ ~

Participants remark that our courses are the "best they've ever attended", and are "well prepared, presented, and structured."
