RE: Emergency Drought Permit G4-35030, Henry Oord

Attached are the meter readings for the emergency permit, affecting Wells 1 and 5.
These wells also have two existing water rights, CS4-00135CTL and CG4-CCV1-4P278.

The drought authority for extra supplemental irrigation water (G4-35030) was not used because Mr. Oord deficit irrigated a sudan grass crop instead of corn, he also obtained added Roza shares to cover it.

Hope that helps explain the results.
