

**Areas where Rhagoletis pomonella (Apple maggot) are NOT known to occur**

Phytosanitary Certificate (PC) is required.

Additional Declaration is required. See PExD for current AD.

**Additional Information**

- The weight of the fruit must be listed in kilograms or pounds on the Phytosanitary certificate.
- Packing boxes should be marked in English indicating the name of the packing house.
- If the packing boxes for the fruit, which are treated and inspected before shipping have air holes, either the air holes should be covered with screen of no more than 1.6 mm fine mesh or the packages should be transported by closed vehicle.
