## 5. REMARKS AND OTHER RELEVANT INFORMATION:

This application is only for a short term point of diversion change to move the existing surface diversion to an well, creating a benefit to instream flows on Beaver Creek.. This temporary point of diversion change is being submitted to enable well installation this spring. Subsequently, a permanent point of diversion change request will be submitted to add the new well location and the change application will be accompanied with a trust water right application to enhance and protect flows in Beaver Creek.

This application seeks to effectuate an change of the water right that will benefit fish maintenance and enhancement, recreational uses and preservation of environmental and aesthetic values as allowed under RCW Chapters 90.03. 90.42 and 90.58. This change offers biological benefits and addresses limiting factors for fish species. Therefore, we request expedited processing under WAC 173-152-050(2)(b) and (3)(a).
