

# Dive Rescue II

Light Salvage and Recovery & Current Diving  
 Hosted by Spokane County Sheriff's Office  
 Spokane, WA ~ August 26-30, 2013

Dive Rescue II is an intensive five-day course in advanced dive rescue skills open to members of public safety agencies. Participants will use specialized technical equipment, apply advanced rescue and recovery techniques, and identify problems, hazards, options and appropriate solutions. Dive Rescue International has developed this training course to enable public safety divers to successfully meet the challenges of their environment, maximize their resources, and safeguard their own lives in a multitude of water-related operations. Skills presented in this program have been selected to offer valuable training in the specific areas outlined.

## Light Salvage and Recovery

- Scene Evaluation
- Operational Organization
- Selecting Specialized Lifting Equipment
- Underwater Rigging
- Specialized Lifting Techniques

## Current Diving

- Hydrology/Dynamics of Moving Water
- Scene Evaluation
- Preplanning Current Diving Operations
- Self-Rescue Techniques
- Rescue Procedures for Surface Support Personnel
- Selecting Specialized Equipment
- Search Patterns in Current
- Search Techniques
- Handling Panic and Stress
- Field Scenarios

**Tuition** \$825/student (US funds).

**Be Sure to Bring** US Coast Guard approved P.F.D. (Type III or V) with knife and whistle, adequate clothing and protection from the environment, pen and paper for note-taking and sketching. Diving students must provide their own equipment: Dry suit or adequate wet suit, Scuba regulator: recently serviced and environmentally protected with alternate air source (i.e.: octopus, Air II, etc.), timing device, depth and submersible pressure gauges, BC with oral and power inflator, two tanks with current Hydro & VIP, mask, snorkel, fins, weight belt, two cutting tools (knife, wire cutters, side cutters).

**Prerequisites** All students must be a current member of a public safety agency, at least 18 years of age. Students must read and complete a RSTC medical statement prior to attending class. Any diver answering yes to a contraindication must have a physician's signature to participate in the diving portions of the program. Diving personnel must also have open water certification. Please make sure to present your RSTC Medical Statement to your instructor at the beginning of class.

This program is designed for personnel who are physically fit. Participants are encouraged to participate after successfully completing the IADRS Watermanship Test or testing to a fitness level of 13 MET (Metabolic Equivalents) or greater. Participants with aerobic fitness questions or concerns should consult their physician prior to in-water training. Participants who have poor aerobic fitness may attend this program as surface support personnel with the approval of the instructor.
