Re: Water Right Nos. CS4-SWC00072(B), CG4-GWC6693(A), & G4-01242(A)P

Dear Mr. Flynn:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason below:

- A new well must be drilled as the primary.

Since Ecology understands how the three above-referenced rights work in concert, we believe the development schedule for the referenced rights should be the same; therefore, the new deadline to submit your *Proof of Appropriation of Water* is **October 2, 2017**.

Additionally, Ecology would like to remind you of the following action items to be completed before or concurrently with the submittal of the *Proof of Appropriation* form:

1. CS4-SWC00072(B): A *Showing of Compliance with RCW 90.44.100(3)* form (enclosed) must be completed and submitted to Ecology for proposed Well No. 4.
2. G4-01242(A)P:
    a. When referencing this right, use G4-01242(A)P **not** CG4-01242(A)P, which is "inactive."
    b. Be advised that this water right authorizes only two wells, assumably Well Nos. 3 and 4 in the near future.
    c. A *Showing of Compliance with RCW 90.44.100(3)* form must be completed and submitted for this right.
    d. According to the provisions of the Permit, "On or before October 1, 2001, submit a plat of Lake Entiat Estates within Section 11, T. 26 N., R. 21 E.W.M. showing the lots to be served by this system (not to exceed 436 lots). Lots currently served shall be identified differently than the lots remaining to be developed."
