

2016 International Courthouse Dogs Conference September 23 - 24, 2016

Come learn how courthouse facility dogs assist detectives dealing with abused children and other vulnerable individuals involved in the legal system.

Courthouse facility dogs are a legally neutral way to support vulnerable victims of crimes as they navigate the criminal justice process. These highly trained dogs are handled by professionals in the criminal justice process, and can accompany victims to interviews, hearings, and trials. The dogs are especially helpful when gathering evidence through forensic interviews and medical exams.

Certified facility dogs are available at low cost to qualified law enforcement agencies throughout the US and Canada. This conference will allow you the opportunity to meet with the accredited agencies that train the dogs, as well as network with many legal professionals already incorporating the dogs into their work.

The conference will be held at the Hyatt Regency Hotel in Bellevue, WA.
