Except State Route 20 (aka Highway #9 E) as conveyed to the State of Washington by deed recorded June 24, 1938, under Auditor's File No. 84383, records of Jefferson County, Washington. Also except Eaglemount Road; Also except City Lake Road as conveyed to Jefferson County by deed recorded

(Continued on Page 3)

PROVISIONS

"The unnamed stream that is the source for this water right derives all or part of its flow from sub-surface seepage from the City of Port Townsend's City Lake reservoir. The holder of Water Right Certificate 3143 is advised that the City may, at any time, make improvements to decrease or eliminate water loss from its reservoir and/or conveyance system, drain the reservoir, or re-route the OGWS to an alternate location. Accordingly, approval of this change does not guarantee the continued availability of water under this water right."

Water available under this authorization may not provide a continual supply throughout each irrigation season.

The intake shall be screened at all times in accordance with Department of Fish and Wildlife screening criteria. This water right is issued subject to Washington Department of Fish and Wildlife Hydraulic Project Approval.

An approved measuring device shall be installed and maintained for each of the sources identified by this water right in accordance with the rule "Requirements for Measuring and Reporting Water Use", Chapter 173-173 WAC.

(continued on page 3)

Given under my hand and the seal of this office at Olympia, Washington, this 17th *day of* November, *2005.*

Legal Description Continued

conveyed to Jefferson County by deed recorded February 24, 1966, under Auditor's File No. 187032, records of Jefferson County, Washington. Also except that portion of the South 20 acres of Government Lot 2 in Section 19, T. 29 N., R. 1 W.W.M., lying Southerly and Easterly of the Olympic Gravity Water System – City Lake Caretaker's Road as said road is described in instrument dated February 18, 1966, recorded February 24, 1966 under Auditor's File No. 187032, records of Jefferson County, Washington. Also except the East 191.18 feet of the South 20 acres of Government Lot 2, of Section 19, T. 29 N., R. 1 W.W.M., lying Northerly of the Olympic Gravity Water System – City Lake Caretaker's Road as said road is described in instrument dated February 18, 1966 recorded February 24, 1966, under Auditor's File No. 187032, records of Jefferson County, Washington. Situate in the County of Jefferson, State of Washington. Parcel B: That portion of the Southwest quarter of the Northwest quarter of the Southeast quarter of Section 19, T. 29 N., R. 1 W.W.M., lying Westerly and Northerly of the Olympic Gravity Water System – City Lake Caretaker's Road as said road is described in instrument dated February 18, 1966, recorded February 24, 1966, under Auditor's File No. 187032, records of Jefferson County, Washington; except Eaglemount Road; Situate in the County of Jefferson, State of Washington.

Provisions Continued

Water use data shall be recorded monthly. The maximum rate of diversion/withdrawal and the annual total volume shall be submitted to Ecology by January 31st of each calendar year.

Chapter 173-173 WAC describes the requirements for data accuracy, device installation and operation, and information reporting. It also allows a water user to petition Ecology for modifications to some of the requirements. Installation, operation and maintenance requirements are enclosed as a document entitled "Water Measurement Device Installation and Operation Requirements".

Department of Ecology personnel, upon presentation of proper credentials, shall have access at reasonable times, to the records of water use that are kept to meet the above conditions, and to inspect at reasonable times any measuring device used to meet the above conditions.

The following information shall be included with each submittal of water use data: owner, contact name if different, mailing address, daytime phone number, WRIA, Permit/Certificate/Claim No., source name, annual quantity used including units, maximum rate of diversion including units, monthly meter readings including units, peak monthly flow including units, purpose of use, fish screen status and period of use. In the future, Ecology may require additional parameters to be reported or more frequent reporting. Ecology prefers web based data entry, but does accept hard copies. Ecology will provide forms and electronic data entry information.

The Water Resources Act of 1971 specifies certain criteria regarding utilization and management of the waters of the state in the best public interest. Use of water may be subject to regulation at certain times, based on the necessity to maintain water quantities sufficient for preservation of the natural environment.
