

Packing List

There are plenty of accommodations for students when preparing for the academy. Some things to think about when getting ready to come to Burien is that there is a refrigerator, microwave, vending machine, and washer and dryer. Furthermore for entertainment there is wireless internet, big screen, DVD/VHS player, and satellite. Burien is a smaller city, but it has plenty of stores in case you forget anything. The academy is only 15 minutes from down town Seattle, where there is plenty to do on the weekends if you don't want to go home.

Items that have been recommended by students are:
