TRAINING ANNOUNCEMENT

Breath Test Instrument Instructor

DATE: December 6th – 7th, 2011

LOCATION: SCSO Training Center
10319 E. Appleway
Spokane Valley, WA 99206

COST: FREE

DESCRIPTION:

Applicants must be a currently qualified Breath Test Instrument Operator. Prior instructor training is desirable. They should be able to instruct technical material. Once certified, they will be qualified to train other individuals as certified operators.

As part of their duties, they may be called to assist with refresher, update and basic courses where the students may not be solely of their parent agency. For example, a LLPD Officer may be asked to instruct a refresher course where officers from several different agencies are in attendance. This is not a requirement, however.

There will be a written examination. The last day of the course also includes students instructing a portion of the Breath Test Basic Operator lesson plan.
