Your instructor: **George T. Williams**

Director of Training for **CUTTING EDGE TRAINING, L.L.C.** in Bellingham, Washington, 360.671.2007. Certified Police Master Trainer. Certifying national firearms trainer. Originator of the "Effective Combatives Problem-Solving"© Police Firearms Training programs. A SWAT, police, and academy trainer, Mr. Williams has trained in excess of ten thousand officers and certified hundreds of police instructors in this revolutionary training program alone. This firearms training has been described as "The first real preparation for a gunfight I've ever had!" This course is not a re-hash of every other shooting school you've attended. Instead, Cutting Edge Training looked at how real officers get murdered in the real world, and how officers *should* be trained to engage in shootings, and if needed, survive and win real gunfights. Students don't tell us that "ain't their dad's shooting class" for nothing!
