

Graham Combat Operator's Course
29-31 October 2012
Whidbey Island, WA

Hosted by the Oak Harbor Police Department at the North Whidbey Sportsman's Club

This 3 day (30 hour) Operator's Course is a comprehensive combat pistol and carbine application course designed to take a good shooter and make them better. This course is not a beginner's level course. Pistol skills are based upon the operational concepts taught within the Federal Air Marshal Program and military special operations units, stressing both **speed** and **accuracy** with the pistol. In addition to mastering the basic carbine fundamentals, this course will give you the ability to operate the carbine in adverse tactical conditions while recognizing the key indicators to success in a combat environment. This course gives you an understanding of how to effectively fight with a rifle in a 360° world.

This course introduces modern pistol & carbine combat applications through intensive repetitive drills, dynamic threat engagements, and live fire scenarios. This pistol & carbine course is unlike any other. This course includes:

- Fundamentals & Presentation
- Combat manipulation
- Multiple threat engagements
- Shooting on the Move
- Non-linear threat engagements
- Shooting from Unusual Positions
- Cover & Concealment
- Reduced Light
- Close-Quarters-Battle Response
- Fighting While Wounded
- Situational Awareness

EQUIPMENT

A reliable, functional handgun with 3 magazines, a rigid belt holster and sturdy belt with 1000 rounds of jacketed ammunition is required as well as a reliable carbine, in 5.56mm or 7.62mm affixed with a retention sling, and a minimum of 3 magazines and 1000 rounds of jacketed ammunition. In addition a billed cap, hearing protection and wrap around eye protection are mandatory. Ballistic plates and or body armor are highly recommended. Clothing should be suited for firearms range training, including solid and sturdy boots suitable for outdoor wear and extended movement. Training will be conducted regardless of weather conditions and should include a lightweight cover garment for outdoor surveillance and counter-surveillance operations. Elbow and knee pads, as well as hydration carriers, are optional but recommended.

\$550. First come, first served.
