International Master Trainer for **CUTTING EDGE TRAINING, L.L.C.** in Bellingham, Washington, 360.671.2007. Certifying national firearms trainer. Innovator within the "Integrated Combatives Problem-Solving"© Police Firearms Training programs. A SWAT, police, and academy trainer, Sgt. Benge has trained police and military personnel in this revolutionary training program nationwide. This firearms training has been described as "The first real preparation for a gunfight I've ever had!" This course is not a re-hash of every other shooting school you've attended. Instead, Cutting Edge Training looked at how real officers get murdered in the real world, and how officers *should* be trained to engage in shootings, and if needed, survive and win real gunfights. Students don't tell us that "ain't their dad's shooting class" for nothing!

Prepare for your gunfight. Apply today.
