#### About The Class

This course is designed to provide students with investigative techniques, knowledge, and understanding to respond effectively to the unique challenges encountered in child sexual exploitation cases (child pornography) and child molestation cases. This course is sensitive and involves topics that involve children being sexually abused. Focus will be on computer evidence, Peer 2 Peer investigations, undercover chat investigations, that are needed to successfully investigate and prosecute these cases. In addition state-of-the-art techniques will be discussed to include undercover programs that lead to an offender and child victim, and what to do next. Students will also be introduced to several undercover databases and certified in computer seizure. The students will receive training and certification and provided with a forensic thumb-drive, to conduct on scene previews. Actual cases will be presented and reviewed during the course. This course is designed for law enforcement officers, first responders and detectives. The course is an in depth look at the internet, crime scenes of child sexual abuse and understanding how to complete a case from beginning to end. **After students finish this course they will be certified to conduct computer seizures (best practice) and have the ability to conduct a forensic preview of the suspect computer using the latest tools. In addition each student will receive a thumb-drive and preview tool to conduct previews on computers. Students will be required to bring a laptop to the class.**

#### About the Speaker

Sergeant Jerry Barker has been a law enforcement officer since July 1988 and is currently a sergeant with the Phoenix Police Department. He is currently the Arizona Internet Crimes Against Children Task Force Commander. Sgt. Barker instructs at the Arizona Law Enforcement Academy, Northern Arizona Regional Training Academy and various other teaching assignments around the country. He worked crimes against children for 10 years as a detective before being promoted and specializes in physical / fatal child abuse, shaken baby syndrome, child sexual abuse and sexual exploitation of a minor (images and movies depicting the sexual abuse of children). Sgt. Barker has specialized training in child death investigations, child sexual abuse, crime scenes involving shaken baby, computer forensics, specialized suspect interview and interrogation of offenders who abuse children, and mental health for detectives that investigate crimes against children.
