

SPOKANE COUNTY SHERIFF'S OFFICE
TRAINING ANNOUNCEMENT

Photogrammetry for Accident Reconstruction

DATE/TIME: June 3rd – 5th, 2013 0800 – 1700 daily

LOCATION: SCSO Training Center
10319 E. Appleway
Spokane Valley, WA 99206

COST: \$725 per training seat

Course Description:

In cooperation with DeChant Consulting Services – (DCS) Inc., the Spokane County Sheriffs Office will host training of the *iWitness*TM Close-Range Photogrammetry Software System.

Close-Range Photogrammetry is in the process of making three-dimensional measurements and 3D models through photography. *iWitness* <http://www.iwitnessphoto.com/index.html> is specifically designed for accident reconstruction and forensic measurement. The software system has gained attention of law enforcement across the country for incident recording (quick clearance) and homicide investigation. *iWitness* is optimized for use with a consumer grade digital camera as a standalone 3D measurement system, or optionally combined with a total station or other 3D (XYZ) metrology devices (e.g., laser scanners.).

Attendance Requirements:

1. Your business requires at least one (1) *iWitness* software license purchased to attend the training workshop. If you do not own one, contact sales@iwitnessphoto.com prior to the workshop to purchase. Or, visit: <http://www.iwitnessphoto.com/products/index.html>
2. You'll need to bring a laptop computer and optical scroll wheel mouse, pre-installed with *iWitness* or *iWitnessPRO*. Alternatively, arrangements can be made with DCS to "loan" a license to officers during the two-day workshop. Contact sales@iwitnessphoto.com for more info.
3. Seats are limited and are "first come, first served". **RSVP is required** to sales@iwitnessphoto.com for attendance and seat confirmation. For further information, contact Deputy Jeremy Jeske , Phone: (509) 477-3211, email: jbjeske@spokanesherrif.org, or Mr. Lee DeChant (DeChant Consulting Services – DCS Inc) Phone: 425-637-1865, email: sales@iwitnessphoto.com.

Contact Deputy Jeremy Jeske for directions and lodging information.
