### COURSE DESCRIPTION

PepperBall products can help reduce officer and suspect injuries, save lives, decrease the risk of litigation, and improve public perception of law enforcement agencies. The PepperBall System is an affordable, non-lethal tool designed for patrol, corrections, and tactical officers in a wide variety of situations. The PepperBall Instructor Certification course involves intensive training in the use of the nonlethal PepperBall System, including operation, safety, maintenance, and deployment. This course certifies attendees as PepperBall Instructors for their individual agency, allowing the attendee to design a course in the safe and effective use of the PepperBall System. The armorer course certifies students as armorers on the Custom Carbine SX launcher.

For certification on the SA200 launchers, students must bring their own launcher to the class.
