

SAGE ORDNANCE

INSTRUCTOR CERTIFICATION COURSE

KEEPING YOU IN CONTROL

COURSE OVERVIEW

- IMPACT MUNITIONS DEPLOYMENT
- CHEMICAL MUNITIONS DEPLOYMENT
- PROPER PRODUCT SELECTION
- TACTICAL DECISION MAKING
- USE OF FORCE & CASE LAW

Proper training is more crucial than ever and Sage is committed to providing law enforcement, corrections, and military organizations with the best possible training so individuals and teams can operate safely and effectively. Our highly skilled and experienced instructors bring real world knowledge and expertise to our classes. Our comprehensive less-lethal instructor course covers proper product selection and deployment methods, case law, tactical decision making and more. Successful instructor course completion allows officers to return to their agencies and properly train and certify other officers.

3 DAY LESS-LETHAL INSTRUCTOR CERTIFICATION - \$795.00

All Sage instructor courses are taught on an 8 hour per day basis. Includes classroom and range exercises. Information and course material will be provided. Includes history of Sage less-lethal products, nomenclature of products, use of force and tactical decision making considerations, hands on deployments for the product, training examples, and legal implications and case law. Pay in full and receive a discounted rate (\$715.00). Ask about our limited time offer - 2 for the price of 1 succession planning incentive.

Prerequisites:

Each attendee must be physically fit for duty and able to perform physical skills associated with the use of Less-Lethal products. Sage Ordnance trains only sworn law-enforcement officers, correctional personnel or active service military personnel.

Fit For Duty:

This school involves physical exercises and activity.

Students are required to actively participate in the activities as part of instructor-level training. Students should be physically prepared for the class in order to ensure successful completion of the school. Some of the classes may involve exposure to chemical agents as well as physical exercises. Students with physical conditions that may impair their ability to participate are responsible for contacting their physician for medical clearance prior to enrollment. Conditions requiring such consultation include but are not limited to high blood pressure, heart problems and lung problems, to include bronchitis and asthma, or allergies. Sage Ordnance will not assume responsibility for any students who do not seek medical consultation prior to course participation. Any student who is unable to participate in the exercises cannot complete this instructor level school.

Required Equipment:

- Eye and ear protection
- Duty gear normally utilized when deploying Less Lethal munitions
- Flame-resistant gloves
- Air Purifying Respirator- if available
- Launcher- if available
- Hydration equipment
