POLICE SUPERVISOR CRITICAL INCIDENT RESPONSE

Hosted by: Lakewood Police Department
September 8-9, 2014
08:00-17:00

Overview:

Classroom education and presentation on the information, considerations, and tactics the police supervisor needs for successfully managing critical incidents. The supervisor's role in managing the risks to public safety, employees, and the liabilities of organizational resources entrusted to them will be explored and fully appreciated in this course of instruction. Certificate of training issued upon completion of course.

Training consists of 2 days (16 hours) of instruction that will include the following topics.

- Initial response to critical incidents
- Applying the 4 C's of response
- First responder REACT Team
- Use of force options and tactics
- Critical Incident types, scope, & tactics
- Critical Incident site identification procedures
- Incident transition to Tactical Team
- Initial supervisor's role in officer involved shooting
