Students will learn how they can utilize this matrix as an
investigative research tool to mine for...

- personal information about targets
- gather gang information
- solve/prevent crimes
- search for information
- how to use the information
- how to save the information
- how it can help or hurt your investigations
- The legal pitfalls of social media
- Officer safety and your families safety
- and hiding on the internet for investigations and personal use

All the resources learned in this class will be demonstrated with actual case examples. The students will have the opportunity to go hands on live on the web to use some of the sites in class as they work a group practical exercise so questions can be asked. We will also provide forms for documenting what you find and to help you organize your investigations.

Students must bring:

- *Laptop (preferably with admin access)*
- *Updated browser – Internet Explorer, Firefox, Chrome, Safari*
- *No internet access restrictions*
- *WI-FI Hotspot (if available)*

A Wi-Fi connection will be available at the training site. It is recommended students bring their own wi-fi hotspot if they have one.
