What occurred over the next five minutes changed the lives of many people. Detectives Martin and Butcher will provide a step by step look at the investigation from the beginning to the conclusion of the trial. Additionally the presentation will contain interviews of the officers involved in the shooting and how the shooting has affected them. Two other Officer Involved Shooting Case Studies will be presented.

HOMICIDE CASE STUDIES: Detectives will provide a case on one of the most gruesome homicides captured on video, a gang related case study where the victim was carjacked, kidnapped, and left for dead, a case study about the senseless murder of an elderly man out for a walk, and a drive by shooting involving a young girl.

The investigations and topics covered will be accompanied by power point presentations to include photographs, portions of recorded interviews, crime scene diagrams, jail calls, etc.
