

# YAKIMA POLICE TRAINING DIVISION

## Radar and Laser Instructor Class

When: December 16 and 17, 2014

0800-1600

Cost: Free

*Kustom Signals is bringing you this training course, designed for current certified radar and laser "end users" who desire to attain "Instructor" certification. Once the individual completes the full course curriculum and successfully passes the final exam, they will be "certified" as course Instructors. The Instructor then has the accreditation to train and certify "end users" in the radar and laser technologies and use. Kustom Signals will issue the actual certificates.*

*Kustom Signals does not schedule classes on a regular basis, and the Regional Sales Manager reserves the right to hold such classes. IPTM offers Instructor courses regionally several times a year.*

*There is no charge for taking the instructor course.*

*The Radar and Laser curriculum is typically 12 hours in length. The time may vary slightly depending on class size and working lunches (if chosen).*

*The training curriculum is neither vendor specific nor brand driven in any way.*

*Location: 207 S. 3rd Street Yakima, WA 98901. Please use west street entrance.*
