

AWR 148: Crisis Management for School-Based Incidents: Partnering Rural Law Enforcement and the Local School Systems

Gig Harbor, WA / February 20, 2015

AWR 148: Crisis Management for School-Based Incidents – Partnering Rural Law Enforcement and the Local School Systems is an 8-hour, DHS-approved course designed to educate rural law enforcement personnel as well as school administrators and staff on the elements that would allow for an effective response to school-based emergencies. Schools in small, rural, and remote areas across the country account for almost 23 percent of the total student population (more than 11 million students). Rural schools, law enforcement, and other emergency responders are often limited in resources, so it is imperative that all potentially affected parties collaborate on planning, preparing, communicating, responding, and recovering from a school-based incident.

This **tuition-free** course is beneficial for rural police and sheriff departments, school administrators, school resource officers, counselors, and others involved in school safety and security.

Topics covered include:

- Introduction to Incident Planning and Preparedness
- Proactive Threat Mitigation
- Incident Response
- Incident Recovery
- Vulnerability Assessments
- Threat Assessment Management
- Incident Defusing and Debriefing
- Parent Reunification
- Anniversaries, Memorials, “Copy-Cats”

*Please note all Non-U.S. citizens need to complete a DHS Foreign National Visitor Request Form by January 30, 2015 in order to attend this course. Contact John Kayser with any questions.

Training sponsored by:

Gig Harbor Police Department

Training site: Gig Harbor Civic Center
