

BASIC AUTO THEFT INVESTIGATIONS FOR PATROL OFFICERS

King County

This is approximately a 32-hour training course developed specifically for line level law enforcement personnel. The objective of this course is to provide a brief exposure to a variety of methods, schemes, investigative considerations and resources for line level law enforcement personnel who come across various types of vehicle / heavy equipment and/or watercraft theft. Attendees will be provided periods of instruction from several different instructors in regards to:

- Basic principles and history of the VIN
- Methods of auto theft
- Heavy equipment theft
- Motorcycle theft
- Watercraft
- VIN switching methods
- Component identification on commonly stripped vehicles
- Title fraud
- Vehicle identification methods
- Preliminary investigative resources
- Legal updates
- Vehicle inspections

There is no charge for this course. Registration is on a first come-first serve basis and will be limited to the first twenty four (24) applicants. Attendees and/or their respective agencies will be responsible for any expenses related to travel, lodging and meals.

For registration, please email Det. Ty Sagiao at tsagiao@kentwa.gov
