

**MARINE LAW ENFORCEMENT  
27<sup>th</sup> ANNUAL CONFERENCE**  
September 22-25, 2015, Tacoma, WA  
www.mleconference.com

**Washington State Parks and  
Recreation Commission**  
1111 Israel Road S.W.  
Olympia, WA 98504-2650

Washington State Parks is responsible for ensuring that local law enforcement agencies have access to marine law enforcement training, technical support, funding and recognition in their pursuit of law enforcement activities that support the State Parks mission of ensuring that recreational boating is a safe and enjoyable past time.

The 27th Annual Marine Law Enforcement Conference is a program designed to support continuing education and training, information sharing and technology transfer. This program is a unique opportunity for marine law enforcement representatives to network and train together using best practices that will enhance their duties on the water.

For the second time ever, the Marine Law Enforcement Conference is opening the program to marine law enforcement agencies outside of the State of Washington. The training and best practices received during this multi-day event are easily exportable to jurisdictions in other states.

Marine law enforcement officers in attendance will be broken up into small groups, ensuring an intimate and interactive setting as critical skills are taught and/or reinforced. Attendees will be given training and instruction in the following fields:

- Federal & State grant criteria and allocation
- Boating safety program criteria and approval
- Tactical boat handling
- NASBLA Maritime Pro caucus
- Marine death investigation
- Operation Dry Water
- Successes and Challenges of USCG District 13

### Participants

Approximately 150 participants consisting of the following:

- City, County and State Law Enforcement Marine Units
- Providers of Safety and Security Equipment and Solutions
