## Please Join us for a FREE Training Workshop

From clubs to convenience stores, synthetic drugs are on the rise. In this free training workshop you'll learn to better understand and respond to this rapidly emerging and evolving threat.

This **free training workshop** will include:

### Bath Salts and Other Synthetic Cathinones / Cannabinoids

- Learn the history and chemistry of synthetic drugs
- Learn how to identify, investigate, handle/dismantle, and prosecute synthetic drug operations and organizations
- **Risk mitigation:** Proper PPE and how to minimize the risks associated with synthetic drug labs
- **Legislative updates:** Overview of current legislation and new federal and state laws

## New Tools in the Toolbox

### Introducing TruNarc:

Participants will learn about the Thermo Scientific™ TruNarc™, a handheld tool for identification of synthetics and other drugs, cutting agents and precursors in the field.

### Get hands-on ID experience!

Participants will conduct hands-on exercises with TruNarc on street samples and cutting agents.

### Your Instructor

Detective Bruce Gentner has been with the Las Vegas Metropolitan Police Department for 18 years, currently serving in the Narcotics Section. He has extensive experience in night club and club drug investigations, as well as Clandestine Methamphetamine Labs, Marijuana Grow productions and Synthetic Drug Operations. Detective Gentner has worked on HIDTA Interdiction and DEA TDS

Task Forces as well as with the FBI, HSI and Nevada Gaming. He is currently the Executive Director and former president of NNOA (Nevada Narcotics Officers Association) and is the founder of NEFN (Narcotics Education Foundation of Nevada).
