Oleoresin Spray/Pepper Spray Instructor Course is designed to promote safe and efficacious selection and use of OC spray.

The participant will learn and understand the situations that allow for the proper use of OC, tactics and techniques of OC application, proper means of instruction and testing, and theoretical background to analyze OC.

Additionally the Participant will be aware of the probable medical implications associated with the use of OC spray. By the end of this course participants should be able to go back to their agencies and teach in-service user level courses.

The areas specifically covered are:

- History
- Carry Methods
- Composition
- Anatomy of The Eye, Lungs, and Skin
- Delivery Systems
- Effects of OC
- Use of Force issues
- Tactics of standing and grounded OC application
- Control Tactics Follow-Up Procedures
- Clean-Up Procedures
- OC Spray Selection
- Practical Exercises
