NeuroCop

Building a Tactical Brain

C E R T I F I C A T E C O U R S E

Attendees will better understand:

- Officer dispositions
- Emotional intelligence
- Implicit biases
- Use of force
- Decisions to shoot
- Pattern-recognition

Knowledge of how C2 is used in tactical maneuvers both in teams and individually will be given, along with how C2 can be used to improve police training in general.

THE BLUEPRINT TO BECOME A NEURO COP
