- IDENTIFY THE CHALLENGES IN PRELIMINARY INVESTIGATIONS
- IDENTIFY THE MOST RECENT DRUGS BEING USED TO FACILITATE SEXUAL ASSAULT AND HOW TO IDENTIFY THEM
- RECOGNIZE THE INDICATORS OF DRUG FACILITATED SEXUAL ASSAULT
- UNDERSTAND THE SCOPE OF THE EVIDENCE COLLECTION PROCESS CURRENT LIMITATIONS OF TOXICOLOGY TESTING
- BEST PRACTICES IN INVESTIGATION DSFA CASES

" I HAVE BEEN A SEXUAL ASSAULT INVESTIGATOR FOR YEARS. I'VE HAD MANY SEXUAL ASSAULT CASES THAT I THOUGHT WERE DRUG RELATED BUT I HAD NO IDEA HOW TO PROCEED. THIS COURSE GAVE ME A COMPLETE UNDERSTANDING ON DRUGS AND HOW THEY ARE USED IN A RAPE. NOT JUST INVOLUNTARY STRANGER RAGES BUT IN RAPES WHERE BOTH THE VICTIM AND SUSPECT WERE TAKING DRUGS VOLUNTARY. THIS SHOULD BE A MANDATORY CLASS FOR ALL SEXUAL ASSAULT INVESTIGATORS." - DETECTIVE "G" NORTHERN CALIFORNIA.
