About The Class

This course is designed to provide first responders, patrol officers, teachers, investigators, and child protective services with investigative techniques, knowledge, and understanding to respond effectively to the unique challenges encountered in child abuse cases. Most importantly what to look for and the questions to ask when responding to a check welfare or investigating a case of child abuse. This course involves topics that involve children being physically abused. Focus will be on recognizing when a child's injury or illness is caused by abuse. There will be numerous photographs and discussion on a variety of child abuse injuries. The students will receive a certificate upon completion of this program. After students finish this course they will be provided with class material, interview forms and will be enrolled in several child abuse organizations.

This course is designed for law enforcement officers, first responders and detectives. The course is an in depth look at child physical abuse and understanding how to complete a case from beginning to end. After students finish this course they will be provided with class material, interview forms and will be enrolled in several child abuse organizations.

About the Speaker

Sergeant Jerry Barker has been a law enforcement officer since July 1988 and is currently a sergeant with the Phoenix Police Department. He is currently the Arizona Internet Crimes Against Children Task Force Commander. Sgt. Barker instructs at the Arizona Law Enforcement Academy, Northern Arizona Regional Training Academy and various other teaching assignments around the country. He worked crimes against children for 10 years as a detective before being promoted and specializes in physical / fatal child abuse, shaken baby syndrome, child sexual abuse and sexual exploitation of a minor (images and movies depicting the sexual abuse of children). Sgt. Barker has specialized training in child death investigations, child sexual abuse, crime scenes involving shaken baby, computer forensics, specialized suspect interview and interrogation of offenders who abuse children, and mental health for detectives that investigate crimes against children.
