CUTTING EDGE TRAINING, LLC

In association with the

Yakima, WA, Police Department

Presents an opportunity to attend

A vital training course that is equally important
to your officers, agency, and citizens

Pursuit Decision-Making

This course provides the officer, supervising officer, and agency policy-maker with reasonable “pursuit decision-making” factors for:

- **Safer vehicle pursuits**
- **Safer arrest of offenders**
- **Defense of your actions in *any* venue**

This outstanding nationally presented course includes:

- Court and community standards of evaluating officer conduct in vehicle pursuits
- Pursuit dynamics and the human reality of vehicles at speed in pursuits
- Supervisory & officer pressures in pursuit decision-making
- Pursuit legal issues and defense
- Tactics at the terminus to keep you alive and *out of court!*
- **Updated with Scott v. Harris.**
- Easy-to-use Pursuit Formula.

FINALLY!

**A “Risk versus Benefit” analysis formula you can really use
to satisfy the courts *AND* your agency policy!**

This course will help you prevent police vehicle pursuit tragedies.

What happens when tragedies occur?

The average pursuit judgment against police agencies = \$1.39 *Million*

**Learn how to effectively limit your agency’s
—as well as your own—liability in vehicle pursuits**

Your instructor: **George T. Williams**, Director of Training for **CUTTING EDGE TRAINING, LLC**. Certified Police Master Trainer. Published widely (two book and 250+ articles) and extensively defends officers as an Expert Witness on pursuit, force, tactics, policy, and training. This training, developed by police risk managers and defense attorneys, has been presented to thousands of officers, supervisors, police managers and chief executives nationwide.
