Testimonials

"This was one of the most effective and valuable courses I have taken, there is immediate application."

"After 15 years of law enforcement and attending several interview classes, yours was by far the best I have ever seen. I have conducted three interviews since your class and received a confession from all ... and yes, they all admitted to more than I had on them."

"The class was outstanding! I obtained a confession immediately following the class. The techniques taught worked like a charm. I wish I had the opportunity to have taken your class years ago."

Criminal Interview & Interrogation

This course is unique in that it provides training in multiple techniques of interview and interrogation, including the WZ Non-Confrontational Method, Behavioral Interviews and the Reid Method*. The WZ Non-Confrontational Method is a structured, conversational approach that often results in an admission (or multiple admissions) without the suspect ever making a denial or protesting their innocence. Moreover, the resulting legally-acceptable confession often includes information not revealed during the investigation.

Seminar Topics Include:

The WZ Non-Confrontational Method of Interview & Interrogation - structured approaches that often result in admissions without the suspect ever making a denial.

The Reid Method* - WZ has provided continuous instruction in the Reid Method and the nine steps since 1984.

Non-Accusatory Behavioral Interviews - learn how to differentiate between the behavior of typically truthful and untruthful individuals and apply this to interviews and interrogations.

Why WZ?

Since 1982, Wicklander-Zulawski (WZ) has provided specialized training in interview and interrogation to a majority of U.S. police departments and to federal agencies such as USCIS, ICE, FBI, US Army, DEA, the State Department's Bureau of Diplomatic Security Services and the FLETC-based Inspector General Criminal Investigator Academy. WZ conducts over 400 onsite seminars each year and has trained over 200,000 law enforcement professionals in multiple methods of interview and interrogation.

- WZ's training enable investigators to be more efficient and effective in:
- Eliminating the innocent from the guilty
- Using most appropriate method for each case and subject
- Obtaining cleaner, quicker admissions and confessions
- Substantiating and closing more successful investigations
- Ensuring defendant's statements will be admissible at trial

Since that time, the extensive updates for this seminar, including the **WZ Method of Non-Confrontational Interview & Interrogation**, have been developed by WZ using the latest information from legal, psychological and interrogation research.
