

FORCE ENCOUNTERS ANALYSIS

Understanding Human Performance in Critical Incidents

Jan 30, 31 & Feb 1, 2017 hosted by Thurston County SO, Olympia, WA ***Tuition: \$350.00

THE VITAL NEED FOR HUMAN FACTORS TRAINING IN LAW ENFORCEMENT HAS BEEN WELL ESTABLISHED.

"Anyone claiming to provide an objective evaluation of police use of force must gain the necessary educational foundation to even ask the right questions in order to reach reliable conclusions. Agencies must broaden the vision of training, experience and education for those who analyze force situations and pass judgement on the reasonableness of force." ~ Chief Ken Wallentine, Senior Legal Advisor at Lexipol

Force Encounters Analysis is evidence-based training derived from 100+ years of human performance science. The expected results are enhanced officer safety, increased decision-making skills, and unbiased force investigations.

HUMAN PERFORMANCE KNOWLEDGE MAY BE CRITICAL TO YOUR SURVIVAL.

The findings delivered in our course material have been directly credited with saving officer lives on the street, and preventing officers from being unjustly convicted of criminal excessive use of force. Human Performance training can help to decrease agency liability through pre-incident risk management and post incident forensic facts.

NO MATTER HOW WELL YOU ARE TRAINED, YOUR BRAIN IS STILL YOUR MOST IMPORTANT TOOL.

COURSE TOPICS:

- *How human performance science applies under the Graham Standard of reasonableness.*
- *Critical incident stress and how to overcome the deficits on performance.*
- *Decision-making - the types (analytical/recognition-primed), implicit bias, and how to mitigate error.*
- *Why perceptual distortions & stress may create differences between human memory & forensic evidence.*
- *Threat perception and an officer's ability to respond in starting/stopping an action.*
- *The bio-mechanics of human movement during an OIS and the ramifications on ballistic impact locations.*
- *Body cameras as forensic evidence - best practices, potential problems, and evidence-based recommendations.*
- *Closing the gap between public perception & the truth about UoF issues.*
- *A centered discussion on the myth of the 21 foot 'rule', the PERF report, recent case law, and more...*

FORCE ENCOUNTERS ANALYSIS

Who Should Attend

Sworn Officers
Attorneys
Citizen Oversight

Executives & Supervisors
Internal Affairs Military
Critical Incident Teams

Force Investigators
UOF Trainers
Homicide Detectives

Police Psychologists City
OIS Inv. Teams

Instructors:

Leading Human Factors Expert Craig E. Geis, (LTC US Army, ret.) MBA, MA, is Co-Founder and Director of Curriculum Development and Training at California Training Institute. Craig has an extensive background in error and risk management and is a Certified Force Science Analyst. As a career Army pilot, he developed the military's Crew Resource Management (CRM) training program to address human error. LTC. Geis was the US Army's Lead Safety Specialist in Aviation Human Factors and a former psychology instructor at the U.S. Military Academy at West Point, as well as the former Director of Evaluation for The Army Organizational Effectiveness School and Center (OECS). Craig has served as an Associate Professor at the USC, providing instruction in courses on Safety Management and Human Factors. He has held instructor positions at Embry-Riddle Aeronautical University, U. of Maryland, and USF. He Craig holds an M.A. in Psychology from Austin Peay State University, a B.A. in Management from C.W. Post College in New York, and an MBA in Management from Georgia Southern College.

Certified Force Science Analyst, Dave Blake, M.Sc., CCI., is an Adjunct Professor of Criminal Justice, a Police Academy Instructor, and a Force Options Simulator Instructor at a regional training center. His experience includes positions in SWAT, Field Training, Gangs, Narcotics, Supervision, and UOF Training. Dave has instructor certifications in: Force Options Simulator, Firearms, DT, and Reality Based Training. He is a published author in several periodicals & journals including a quarterly column with PoliceOne online magazine entitled "The Science of Training." Dave's 8 year service in the USAF included deployments in support of Operations Restore Hope and Desert Storm. He holds a Bachelor of Science in Criminal Justice Management and a Masters of Science in Psychology. He is a Certified Criminal Investigator with the American College of Forensic Examiners Institute.

Attendees are also introduced to CTI's Media Kit, which assists agencies in "getting out in front" of a critical use of force incident.

*****Approved for HLS Grant Funding Use**

*****This course is eligible for use of Homeland Security Grant Program Funds to cover the cost of registration, travel, lodging, per-diem, and over-time. Please contact the training officer for your State here: <http://www.dhs.gov/state-homeland-security-and-emergency-services>**
