

GeoTime Certification Class

Bellevue, WA

October 3, 2016

Partner Hosting Agency:

Bellevue Police Department

Event Details

The GeoTime User Certification Class is an advanced class for users that have **completed Levels 1 & 2**. This class will use case studies to check user understanding, ability and culminate in a pass/fail final case study evaluation. Certified GeoTime Users have proven their ability to use GeoTime for mapping, analysis, reporting and can effectively articulate their work products.

A certificate of designation will be issued to participants who successfully pass the course.

Agenda:

Review of Call Records

Analysis terms and theory

Levels 1 & 2 refresher

Mapping different types of location-based data

- Call Records
- Mobile Forensics
- GPS

Link Analysis

- Common callers
- Relationship insights

Pattern Analysis

- Temporal behaviors
- GeoTime's automated tools

Reporting for court

- Visual reporting
 - Technical articulation
- #### Final Exam – timed case study
