

Force Science[®] Training Course

October 12-13, 2016

Sponsored by: Walla Walla Area Crime Watch

Training location: Marriot, 550 W. Rose St, Walla Walla

**Are you and your agency ready for the firestorm
from a controversial use of force?**

Now! Law enforcement's newest training course prepares you for uncovering the truth when lawsuits, careers and reputations are on the line!

"[Force Science] puts science behind what trainers and field officers have speculated for years. My agency has used your information in training and in court. It saves officer and citizen lives."

– Sgt. James MacGillis, Rangemaster, Milwaukee (WI) PD

Through the groundbreaking work of Dr. Bill Lewinski and his team of researchers and experts on human dynamics, you'll learn:

- How to analyze vital elements of controversial uses of force that are often overlooked.
- Skills to help determine whether an officer is being honest when he *swears* his recollection of an incident is true...even though his account conflicts with evidence.
- Techniques for helping officers accurately & thoroughly recall force incident details.
- Why a site visit and/or video review may or may not be advisable before a statement.
- Whether shots to the back *really* reflect what an officer saw when he pulled the trigger.
- How to avoid critical mistakes some investigators make during post-incident interviews.
- The truth about time: How long it *really* takes officers to start—and stop—shooting.
- What ready position is *really* best for reducing lag time...and much more!

Tuition: \$100 per student prior to October 7th, \$125 after that date.

- Make checks payable to: WWACW, PO Box 216, Walla Walla, WA, 99362

Invoices and W-9 available upon request.

The Courtyard by Marriot is offering a limited number of rooms for \$91 + tax single/double.

Room rate available only by calling the hotel directly prior to Sept. 18th
