Registration is restricted to US military and law enforcement personnel.

Course Description

The Tactical Medical for First Responders program is designed to define a Medical Threat Assessment, **to include a medical plan for a tactical operation**. Students will learn how to apply techniques to control life threatening bleeding during Care under Fire in a (HOT ZONE). Additionally, they will perform techniques to treat life threatening and non-life threatening injuries during Tactical Field Care in a (WARM ZONE). During the program students will demonstrate lifting, moving and extricating victims from a tactical or hostile environment during Tactical Evacuation Care.

Course Length

Tactical Medical for First Responders is a 1 day (8 hour) course.

Prerequisites

There are no prerequisites to attend this course.
