

SINGLETON INTERNATIONAL 6 DAY MP5/M4-AR15 INSTRUCTOR COURSE

September 25th-30th, 2011

Richland WA

The Richland Police Department and the Tri City Regional SWAT Team are proud to host the Singleton International 6 Day MP5/M4 instructor course. This 6 day course is designed to cover all aspects of the sub-machine gun/Rifle for both the operator and the instructor alike. It is open to all 9mm — 223" caliber Full or Semi-Automatic SMG and/or Rifle. Emphasis is given to training the attendee on the ease and controllability of a burst on full-automatic, and how to achieve the best results from their officers during range practice and a tactical operation. The program is totally focused as an instructor program, and not just a shooting program where the top shots are called instructors. Every classroom and range drill will be explained how it is best taught with the attendees teaching a live-fire, presentation during this program.

Firearms:(You can attend with one or any of these firearms.)

I always run a double line where only half the attendees are shooting at one time, so two officers can attend with only one firearm between them.
