

ICAC Investigative Techniques Course

The purpose of this ICAC program is to provide state and local law enforcement investigators with a basic understanding of investigative techniques in the area of Internet crimes against children. These techniques have been developed by the ICAC Task Force and conform to a set of national standards. This course provides a basic overview of the topic, as well as instruction in the legal issues surrounding ICAC investigations. The program includes 2-1/2 days of hands-on computer instruction, case organization techniques, management practices used in proactive investigations, crime scene response and management, suspect interrogation, an overview of available ICAC Resources, and applicable practical exercises.

Length of program: 4½ days

Max class size: 30

Target Audience: This training is offered by invitation only to state, local and federal law enforcement investigators. State and local agency registrants must be a member of a Regional ICAC Task Force or Affiliate Agency. Federal and International participants will receive consideration on a case-by-case basis.

Registration Deadline: March 21st

The ICAC-Investigative Techniques class scheduled for April 4-8, 2011 at the Vancouver Police Department has now been created in the web-based registration system and students may register at any time.
