Canine Tactical Operations

Spokane County SO, WA
is hosting KATTS Class 3
Wed & Thurs June 19-20, 2019

KATTS - K9 Tactical Tracking School

Tracking is arguably the most dangerous and complicated K9 skill in law enforcement due to the tremendous number of variables associated with searching for human odor in highly contaminated and complicated environments. Add officer safety to those variables and it becomes imperative that K9 teams utilize all available resources and training to reduce their lethal exposures.

KATTS is designed for patrol officers, correction officers, SWAT operators and K9 teams with tracking dogs who hunt down dangerous suspects. KATTS will improve your formations, communications and arrest techniques while reducing their lethal exposures.
