- Training Announcement -

COURSE: Collision Reconstruction

LOCATION: Spokane County Sheriff's Office Training Center
6011 N Chase Rd
Newman Lake, WA 99025

DATE: November 4 – November 22, 2019 – 120 hours

TIME: 0800-1700

CLASS SIZE: 20 students

COST: $300.00

PREREQUISITE: To attend this course, students must have completed the 80-hour Technical Collision Investigation course (or its equivalent - exceptions can be granted on a case-by-case basis). Five years of experience in Technical Collision Investigations is recommended.

COURSE INFORMATION: Through lecture and course material, student will receive training necessary to reconstruct collisions. Collision Reconstruction is the effort to determine, from whatever information is available, how the collision occurred, coupled with describing the events of the collision in detail. Students will experience real-world-study analysis providing them the skills to potentially locate previously undetected facts in available information, and the knowledge to deduce from these facts, the circumstances that will prove or disprove a theory of how a collision occurred.

REQUIRED SUPPLIES: Scientific calculator with trigonometry functions (Texas Instruments TI-30Xa, Casio fx-82ES Plus, or similar recommended), mechanical (drafting) pencil, traffic template, engineer’s scale ruler, 360-degree protractor, 25’ and 100’ tape measures.

RECOMMENDED SUPPLIES: Highlighter, clipboard, two 30-60-90 degree drafting triangles, camera.
