EVIDENCE COLLECTION, PACKAGING & PRESERVATION TRAINING

Proper packaging and preservation of evidence is crucial for maintaining the integrity of your evidence item and preventing loss or contamination. Come learn the proper techniques for collection, packaging, and storing of your evidence, as well as tips on submitting it to our laboratory for testing! The Marysville Crime Laboratory is offering this training at no cost to our user agencies.

Some of the topics covered:
- General evidence collection tips
- Instruction on proper packaging techniques
- Guidelines for evidence storage conditions
- Ins & Outs of laboratory submissions
