The National Association of Field Training Officers, in conjunction with the Seattle Police Department, is proud to offer our Field Training Officer Management/Administrator Course in Seattle, WA, a 25 minute drive from SeaTac Airport. This training is designed to for personnel supervising or facilitating Field Training Units in Patrol, Detention, Communications, and Support Services.

FTO Management
Field Training Officers train and evaluate career candidates in preparation for solo duty in law enforcement, corrections and communications. The success of the FTO and the officer in training is critically linked to the proper management of the FTO program.

Our FTO management course is designed to assist agencies in developing and managing a successful FTO program. This class is not model specific and can be utilized at agencies using the San Jose, Reno, PTO, or any other model of Field Training. We will discuss program structure, duties of a field training manager, dealing with performance issues related to FTO’s, legal issues and evaluating written observation reports. We will also look into the future of field training with a discussion about the recommendations made by the Task Force for 21st Century Policing.

This 16 hour class covers such topics as Generational Leadership, Standardized Evaluations Guidelines, Ethics, Civil Liability, and field training models. Each block of study is directed at the Field Training Supervisor, and ways to improve teaching, work product, and approach to today’s Officer in Training. Information includes motivating different generations of trainees, career survival for the FTO, and liability pertaining to evaluations.

*PLEASE REGISTER ASAP: Seating limited to the 1st 50 applicants, no exceptions. No refunds within 30 days of class, but substitution of students is allowed.*

Cost: -$225 per student, which includes training materials and 1 year membership to NAFTO.
