CPTED TRAINING 2011

## What is CPTED?

**Crime Prevention Through Environmental Design (CPTED)** theories contend that law enforcement officers, architects, city planners, landscape and interior designers, and resident volunteers can create a climate of safety in a community right from the start.

CPTED's goal is to prevent crime by designing a physical environment that positively influences human behavior. The theory is based on four principles: natural access control, natural surveillance, territoriality, and maintenance.

## The 24- hour CPTED Course

- ◆ History of Policing and Crime Prevention
- ◆ Introduction to CPTED
- ◆ Natural Surveillance
- ◆ Principles of CPTED – Access Control
- ◆ Principles of CPTED – Territorial Reinforcement
