

FORT DISCOVERY

TRAINING FACILITY

Fort Discovery is a unique training facility near Sequim, WA. It is located on 7,000 acres of private timberland, which runs along the western shoreline of Discovery Bay and has an elevation gain from sea level to 2,200 ft. Fort Discovery can facilitate a multitude of training, including airborne and waterborne insertions/extractions, shooting, recon, maritime, survival training and land navigation.

Fort Discovery has been utilized by the U.S. Army, U.S. Navy, U.S. Marines, British Royal Marines, USCG, FBI, U.S. Border Patrol, OGA, and law enforcement and security professionals.
