

Washington State

Public Works Board

Recommended for 2016 Construction Loan Funding:

City of Everett

Water Pollution Control Facility Expansion Phase C

County: Snohomish

Legislative District: 38th

PWB Loan Request: \$7,000,000

Other Funds: \$69,300,000

Total Project Cost: \$76,300,000

Serves:

- **Schools:** 9 (25,639 Students)
- **Businesses:** 92
- **Community Facilities:** 7

The plant improvements required for anticipated flows and loads through the year 2030 include two trickling filters, additional solids contact basins volume, one additional secondary clarifier, and one additional pump at the South effluent pump station. This will add 5 MGD capacity to the water pollution control facility.
