3. **Are you converting the land to non-forestry use within 3 years of harvest?**

   ✗ No  ☐ Yes  
   If yes, include your SEPA checklist and SEPA determination (if applicable) and county clearing and grading permit (if applicable).

4. **a. If you are harvesting timber, enter the Forest Tax Number of the Timber Owner:**

   TVW 800 082 158

   *Contact the Department of Revenue at 1-800-548-8829 for tax reporting information or to obtain a number.*

4. **b. Are you eligible for EARR Tax Credit?**

   ☐ No  ✗ Yes

5. **Are you a small forest landowner per RCW 76.09.450?** See instructions

   ✗ No  ☐ Yes  
   *Check all that apply.* If no, skip to Question 6.

   - ☐ My entire proposed harvest area is on a single contiguous ownership consisting of one or more parcels.
My proposed forest practices activities are within an area covered by an approved Forest Stewardship Plan or Forest Management Plan developed in cooperation with DNR.

I received technical assistance from a DNR small forest landowner Stewardship and Technical Assistance Forester in preparing this FPA/N.

I have participated in a Washington State University Extension Service and/or DNR-sponsored Forest Stewardship Coached Planning course.

I have attended a Washington State University Extension Service and/or DNR-sponsored Family Forest Owner Field Day.

6. Are you substituting prescriptions from an approved state or federal conservation agreement or Watershed Analysis?

☐ No  ☑ Yes Write 'HCP' or 'Using Prescriptions' in tables that apply. Attach or reference prescriptions and/or crosswalks for approved state or federal conservation agreements or Watershed Analysis on file at the Region office.

7. What is the legal description of your forest practices?

<table>
<thead>
<tr>
<th>Section</th>
<th>Township</th>
<th>Range</th>
<th>E/W</th>
<th>Tax Parcel Number</th>
<th>County</th>
</tr>
</thead>
<tbody>
<tr>
<td>25</td>

<td>*Forest Land</td>
<td>Snohomish</td>
</tr>
</tbody>
</table>

8. Have you reviewed this forest practices activity area to determine whether it may involve historic sites and/or Native American cultural resources? Read the instructions before answering this question.

☐ No  ☑ Yes If you made any contacts, please provide information in Question 28.

9. Do you have a DNR approved Road Maintenance and Abandonment Plan (RMAP)?
   a. ☐ No  ☑ Yes If no, skip to c.,
      If yes, enter your RMAP number: 240028, continue to b.
   b. ☑ No  ☐ Yes Is this Forest Practices Application/Notification for work that is included in this approved RMAP?
   c. ☐ No  ☑ Yes Is a Checklist RMAP required (see instructions)?

10. Are there potentially unstable slopes or landforms in or around the area of your forest practices activity?

   ☑ No  ☐ Yes If yes, attach Appendix D. Slope Stability Informational Form and map of areas reviewed for and locations of unstable slopes and landforms found. If applicable, attach a geotechnical letter, memo, or report; Watershed Analysis prescriptions, and/or a SEPA Environmental Checklist.

11. Is this Forest Practices Application/Notification (answer every question):
   a. ☑ No  ☐ Yes A request for a multi-year permit? If yes, length requested: ☐ 4 years or ☑ 5 years. Not everyone qualifies for a multi-year permit. See instructions for details.
   b. ☐ No  ☑ Yes An Alternate Plan? If yes, include a template or detailed plan. See instructions for details.
c.  ❌ No  □ Yes  For a funded Forest Family Fish Passage Program project?

d.  ❌ No  □ Yes  Within an urban growth area? If yes, see instructions for additional required documents.

e.  ❌ No  □ Yes  Within a public park? If yes, include SEPA Environmental Checklist or SEPA Determination, except for harvest/salvage of less than 5,000 board feet within a developed public park. Park name: ____________________________________________

f.  ❌ No  □ Yes  Within 500 feet of a public park? Park name: ____________________________________________

g.  ❌ No  □ Yes  In an approved Conversion Option Harvest Plan (COHP) from the local government? If yes, include a copy. This only applies to proposals within urban growth areas.

h.  ❌ No  □ Yes  Within 200 feet of the Ordinary High Water Mark (OHWM) or floodway of Type S Water? If yes, check with the county or city to determine whether a substantial development permit is required under the local shorelines master plan.

i.  □ No  ❌ Yes  Within 50 miles of saltwater AND you own more than 500 acres of forest land in Washington State? If yes, include Marbled Murrelet Form or attach/reference HCP prescriptions.

j.  ❌ No  □ Yes  In or directly adjacent to a potential Channel Migration Zone (CMZ)? If yes, include CMZ Assessment Form. Attach/reference applicable HCP and/or Watershed Analysis prescriptions.

You are required to verify all waters within 200 feet of your proposed forest practices activities prior to submitting a Forest Practices Application / Notification. Use the Water Type Classification Worksheet and/or a Water Type Modification form to explain how you verified water types. See Water Typing Requirements in the instructions.

**** If not working in or over typed Waters, skip to Question 16 ****

Prior to answering Questions 12-15 in this section please refer to the Forest Practices Application Instructions and Forest Practices Board Manual Section 5.

12. Are you proposing any of the following projects NOT permitted by current HPAs from WDFW?

a.  ❌ No  □ Yes  Installing, replacing, or repairing a culvert at or below the bankfull width of Type S or F Water(s) that exceeds a five percent gradient?

b.  ❌ No  □ Yes  Constructing, replacing, or repairing a bridge at or below the bankfull width of unconfined streams in Type S or F Water(s)?

c.  ❌ No  □ Yes  Placing fill material within the 100-year flood level of unconfined streams in Type S or F Water(s)?

13. Have you consulted with DNR and/or WDFW about the proposed hydraulic project(s) in or over Type S or F Water?  ❌ No  □ Yes

14. If installing, replacing, removing, or maintaining structures in or over any typed Water, complete the table below. Provide crossing locations and identifiers on your Activity Map. Provide plan details in Question 28 or attach plan to the FPA/N. Type S and F Waters require detailed plan information. Complex hydraulic projects in Type N Waters may also be required per WAC 222-24-042(2). See instructions for detailed plan requirements.

</table>
20. Reforestation. Check all that apply:

- Planting. Tree Species: Native Conifer

- Natural. Include a Natural Regeneration Plan

- Not required because of one or more of the following:
  - I am converting some or all of this land to non-forest land in the next 3 years or lands are exempted under WAC 222-34-050.
  - Individual dead, dying, down, or wind-thrown trees will be salvaged.
  - Trees are removed under a thinning program reasonably expected to maximize the long-term productivity of commercial timber.
  - I am leaving at least 100 vigorous, undamaged, and well-distributed saplings or merchantable trees per acre.
  - An average of 190 tree seedlings per acre are established on the harvest area and my harvest will not damage them.
  - Road right-of-way or rock pit development harvest only.

** Do you own MORE than 80 acres of forest land in Washington? If yes, skip to Question 25 **

21. Are you using the exempt 20-acre parcel riparian management zone (RMZ) rule (WAC 222-30-023) on Type S, F, or Np Waters?

- No  Skip to Question 25.

- Yes  Continue to Question 22. See instructions for qualifications and information.

22. Choose the answer below that best fits your situation. Show all RMZs on the Activity Map.

a. ALL of the following apply to me and my land: (If no, answer b.)
   - Between June 5, 2006 and today's date I have always owned less than 80 acres of forest land in Washington.
   - Between June 5, 2006 and today's date this parcel has always been 20 acres or less of contiguous ownership. See RCW 76.09.020 for definition of 'contiguous'.
   - Between June 5, 2006 and today's date this parcel has always been owned by me or someone else that has owned less than 80 acres of forest land in Washington.

b. ONE OR MORE of the following apply to me and/or my land (check all that apply):
   If any of the statements below apply AND you use the exempt 20-acre parcel RMZ rule, you are NOT authorized under the State's Incidental Take Permits (see explanation in FPA instructions under Question 22).
   - Between June 5, 2006 and today's date I have owned more than 80 acres of forest land in Washington.
   - Between June 5, 2006 and today's date this parcel has been a part of more than 20 acres of contiguous ownership. See RCW 76.09.020 for definition of 'contiguous'.
   - Between June 5, 2006 and today's date this parcel has been owned by someone that has owned more than 80 forested acres in Washington.
23. If harvesting within 115 feet of a Type S or F Water on an exempt 20-acre parcel, complete the table below. Show RMZs and stream segment identifiers on the Activity Map. If you are harvesting within 75 feet or within the maximum RMZ (whichever is less), stream shade must be assessed and met following harvest. Describe in Question 28 how stream shade was determined to be met, using the ‘Appendix F. Stream Shade Assessment Worksheet’ if necessary.

<table>
<thead>
<tr>
<th>Stream Segment Identifier (letter)</th>

</tbody>
</table>

24. Are you harvesting within 29 feet of a Type Np Water on an exempt 20-acre parcel?

☐ No  Skip to Question 27.

☐ Yes  See instructions and describe leave tree strategy in Question 28. Then skip to Question 27.

25. If harvesting within 200 feet of any Type S or F Water or periodically inundated areas of their associated wetlands, complete the table below. Include Desired Future Condition (DFC) for all inner zone harvests unless you have an HCP prescription. Show RMZs, CMZs, and stream segment identifiers on the Activity Map. If you are harvesting within 75 feet or within the maximum RMZ, whichever is less, stream shade must be assessed and met following harvest. Describe in Question 28 how stream shade was determined to be met or use the ‘Appendix F. Stream Shade Assessment Worksheet’ if necessary.

<table>
<thead>

</table>
27. How are the following currently marked on the ground? (Flagging color, paint color, road, fence, etc.)

Harvest/Salvage Boundaries: Orange Timber Harvest Boundary ribbon, orange tags

Clumped Wildlife Reserve Trees/Green Recruitment Trees: Same as THB

Right-of-Way Limits/Road Centerlines: Blue and white stripe with pink ribbon

Stream Crossing Work: Pink ribbon

Riparian Management Zone Boundaries and Leave/Take Trees: Same as THB

Channel Migration Zone: N/A

Wetland Management Zone Boundaries and Leave/Take Trees: Same as THB

28. Additional Information (attach additional pages if necessary): For hydraulic projects in or over Type S, F, or complex N Water(s) see instructions for required plan information. If applicable, include mitigation measures from a geotechnical memo, letter, or report.

Unit Name: Toad Run

Notice: Anyone with a legitimate, specific interest in reviewing this FPA must contact the Office or Forester for access. This extra control is for the safety and protection of everyone on private timberlands.

Cultural Resources: GLO survey records from late 1800's indicate no known issues. No field evidence of cultural resources was observed within the proposed harvest unit boundaries. In the event of a significant inadvertent discovery, operations will be suspended while appropriate agencies are notified.

Owls & Marbled Murrelet: No known Owl or Murrelet issues.

Watershed Analysis Unit: None

Streams & Wetlands: Stream A1 and A2 are F streams and main tributaries to Youngs Creek.

Soils and Slope Stability: DNR maps do not indicate any sensitive soils or Landslide Hazard Zones.

Road Construction and Water Crossings: Spur 1 is 700' of new construction, Spurs 2 and 3 are heavy reconstruction of old grades, none of these have water crossings. There will be a designated skid road near the bottom of the unit, a designated stream crossing is flagged in the field. Attached Equipment Crossing Guidelines will be adhered to.

Timber Harvest: Shovel and lead end suspension cable

Green-Up: Less than 120 contiguous acres surrounded by trees 4 feet or 5 years.
29. We acknowledge the following:

- The information on this application/notification is true.
- We understand this proposed forest practice is subject to:
  - The Forest Practices Act and Rules AND
  - All other federal, state or local regulations.
- Compliance with the Forest Practices Act and Rules does not ensure compliance with the Endangered Species Act or other federal, state or local laws.
- If we said that we would not convert the land to non-forestry use, the county or city may deny development permits on this parcel for the next 6 years.
- The following may result in an unauthorized incidental take of certain endangered or threatened fish species:
  - Conversion of land to non-forestry use.
  - Harvesting within the maximum RMZ on a 20-acre exempt parcel that was acquired after June 5, 2006.
  - Equipment Crossings/Fords in or over Type S and F Waters.
- Inadvertent Discovery – Chapters 27.44, 27.53, 68.50 and 68.60 RCW
  - If you find or suspect you have found an archaeological object or Native American cairn, grave, or glyptic record, immediately cease disturbance activity, protect the area and promptly contact the Department of Archaeology and Historic Preservation at 360 586-3077.
  - If you find or suspect you have found human skeletal remains, immediately cease disturbance activity, protect the area, and contact the County Coroner or Medical Examiner and local law enforcement as soon as possible. Failure to report human remains is a misdemeanor.

The landowner understands that by signing and submitting this FPA, he/she is authorizing the Department of Natural Resources to enter the property in order to review the proposal, inspect harvest operations, and monitor compliance for up to three years after its expiration date. RCW 76.09.150

</tbody>
</table>

Print Name: Eric Richardson  
Date: 9-4-19

*NOTE: If you are a “Perpetual Timber Rights Owner,” and are submitting this without the Landowner’s Signature, provide written evidence the landowner has been notified.

Please make a copy of this FPA/N for your records. If this FPA/N contains a hydraulic project requiring WDFW concurrence review, it will not be available online for public review until after the WDFW concurrence review period.
Equipment Crossings on Type Np/Ns Streams

When installing culverts for haul road construction in flowing Np or Ns streams, water will be diverted or pumped around crossing location prior to working or placing culvert in wetted channel.

When utilizing stream crossings across Type Np or Ns waters with ground based logging equipment, logs and/or slash will be placed in the stream channel to minimize disturbance to the stream bed and banks. Logs will be skidded across the stream at right angles to the channel, as much as is reasonably possible. Upon completion of yarding activity utilizing the crossing, logs and/or slash placed in the channel shall be removed. Slash will be placed on exposed soil within thirty (30) feet of the crossing.

Where the use of a culvert is warranted, the culvert will be placed in the stream channel at the proposed crossing location. The culvert will be armored with logs and/or slash to protect the integrity of the culvert and to provide protection to the stream bed and banks. Upon completion of yarding activity utilizing the crossing, the culvert, logs and/or slash placed in the channel shall be removed.

Straw and/or grass seeding may be used as mitigation if substantial disturbance is noted at the stream crossing location.

Suspending Cables over Type Np/Ns Streams

Where suspending cables over Type Np and Ns waters is required, care shall be taken when changing tailholds over buffered portions of these waters. The lines shall be moved over and around leave trees and vegetation prior to re-tightening and tailholds shall be of sufficient height to minimize damage to riparian vegetation.

Cable Yarding Across Type Np and Ns Streams

Where cable yarding is required across Type Np and Ns waters, timber will be felled and yarded away from the stream channel and the number of yarding roads will be minimized, as much as is reasonably possible. At a minimum, lead end suspension of the logs being yarded will be required.

Where downhill yarding is required, lead end suspension may not be feasible.
Cable Crossings of Type S or F waters

1. Work across or in Type S or F waters shall be restricted to the placement of cable tail holds over the streams.
2. No timber shall be yarded over Type S or F waters.
3. When changing tail holds over Type S or F waters, the lines shall be moved over or around leave trees and riparian vegetation prior to re-tightening. Tail holds shall be of sufficient height to minimize damage to riparian vegetation.
4. Any riparian management zone trees felled into or across Type S or F waters shall remain where they enter.
5. If sedimentation of type S or F waters occurs as a result of cable tailhold placement and cable crossing activities, operation shall cease and the source of the sedimentation shall be controlled using established erosion control methods. These methods may include, but are not limited to the application of straw, logging slash or fiber mats to the exposed soil to prevent erosion from raindrop splash. Cover all exposed soils with non-invasive plant species as soon as possible (native plants are preferred). In some cases where soils have been severely disturbed additional sediment control methods such as silt fence, berms or straw bales may be required. Work may resume when the sedimentation source has been eliminated.
### Appendix A. Water Type Classification Worksheet

1. **Did you determine fish use as described in the Forest Practices Board Manual Section 13? Or, does the stream have waiver characteristics? [See WAC 222-16-031(3)(b)(iii)]**
   - [ ] No. Continue
   - [X] Yes. Attach documentation or approved WTMF number: NW07190016
   - [ ] Fish found. Type F water. Stop.
   - [ ] No fish. Continue to 6.
   - [ ] Yes. Meets waiver criteria. Continue to 6.

2. **Were fish observed or are fish known to use the stream any time of the year?**
   - [ ] Yes. Type F water. Stop.
   - [ ] No. Continue.
   - [X] Yes. Type F water. Stop.
   - [ ] No. Continue.

3. **Is there an impoundment (ponded water) upstream of the assessed segment that is greater than 0.5 acres?**
   - [ ] Yes. Type F water. Stop.
   - [ ] No. Continue.
   - [ ] Yes. Type F water. Stop.
   - [ ] No. Continue.

4. **Are there segments within or upstream of the assessed portion of the stream where the average bankfull width is two feet or greater? AND, is the average stream gradient less than or equal to 16%?**
   - [ ] Yes. Type F water. Stop.
   - [ ] No. Continue.
   - [ ] Yes. Type F water. Stop.
   - [ ] No. Continue.

5. **Are there segments within or upstream of the assessed portion of the stream where the average bankfull width is two feet or greater? AND, is the average stream gradient between 16% and 20%? AND, is the contributing basin to the stream greater than 50 acres?**
   - [ ] Yes. Type F water. Stop.
   - [ ] No. Continue.
   - [ ] Yes. Type F water. Stop.
   - [ ] No. Continue.

6. **Does the stream segment contain water at all times during a normal rainfall year?**
   - [ ] Yes. Type Np water. Go to 9.
   - [ ] No. Continue.
   - [X] Yes. Type Np water. Go to 9.
   - [ ] No. Continue.

7. **Is the stream segment downstream of a perennial source of water?**
   - [ ] Yes. Type Np water. Go to 9.
   - [ ] No. Continue.
   - [ ] Yes. Type Np water. Go to 9.
   - [ ] No. Continue.

8. **Is the stream physically connected by an above-ground channel to Type S, F, or Np water?**
   - [ ] Yes, Type Ns water.
   - [ ] No, non-typed water.
   - [ ] Yes, Type Ns water.
   - [ ] No, non-typed water.

9. **Describe how you determined the uppermost point of perennial flow. Include a description of its location and show the point on a map (Use a separate piece of paper if necessary).**

Stream/Segment ID: ___________
**Marbled Murrelet Form**  
*Western Washington Forest Practices Application/Notification*

*Complete this form only if you are harvesting timber (including salvage) or constructing roads. Do not complete this form if you have an HCP for marbled murrelets.*

**Answer every question.**

1. **No**  
   For this FPA/N, has a protocol survey(s) been completed that includes:
   - Harvest units (and within 300 ft on your ownership), or
   - Salvage units (and within 300 ft on your ownership), or
   - Any area of proposed road construction (and within 300 ft on your ownership)?

   *If 'Yes', fill out the table and check the appropriate findings below.*

<table>
<thead>
<tr>
<th>Survey ID (Name or Unit #)</th>
<th>Township, Range, &amp; Section</th>
<th>Survey was approved by WDFW (Attach approval letter from WDFW)</th>
<th>Survey was disapproved by WDFW and is being resubmitted with this FPA/N (Explain below)</th>
<th>Survey has been submitted to WDFW and survey approval is unknown (Explain below)</th>
<th>Survey is complete but has not yet been submitted to WDFW (Submit survey with FPA/N)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td><img src="survey_options.png" alt="Survey Options" /></td>
<td><img src="survey_options.png" alt="Survey Options" /></td>
<td><img src="survey_options.png" alt="Survey Options" /></td>
<td><img src="survey_options.png" alt="Survey Options" /></td>
</tr>
</tbody>
</table>

*Explanation:*

2. **No**  
   Will you harvest, salvage, or construct roads within 0.25 miles of an occupied site?

3. **No**  
   Will you fly helicopter(s) over or within 0.25 miles of an occupied site?

4. **No**  
   Will you harvest live trees in a buffer of an occupied site?

   *If Yes, describe the leave trees and buffer widths you will leave. NOTE: if you leave less than required in WAC 222-16-080(1) (h) (v) this is a Class IV-Special and an Environmental Checklist is required*

**Description of managed buffers:**
5. **No**  **Yes** Are there nesting platforms within any harvest unit (including salvage and road construction) that are within 300 feet that:
   • Are not located within a surveyed area, **and**;
   • Have a minimum of 2 platforms per acre, **and**;
   • Are located within 7 or more acres of contiguous habitat, **and**;
   • Have a least 40% (number not volume) of the dominant and co-dominant trees made up of Douglas-fir, western hemlock, western red cedar, or Sitka spruce?

*If "Yes", complete the table below for those areas.*

<table>
<thead>
<tr>
<th>Name or # (as shown on map) of delineated stands of contiguous habitat</th>
<th>Delineated stand acres</th>
<th>Nesting platforms per acre</th>
<th>Number of trees 32 inches dbh or greater with platforms</th>
<th>Platform Assessment Method</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>Field Sampling Method, Sample Plot Method, 100% Cruise Method, Inventory Model Method, or Other</td>
</tr>
</tbody>
</table>

6. **No**  **Yes** Are there areas within this forest practice or within 300 feet that:
   • Are not surveyed, **and**;
   • Are not listed in question 5, **and**;
   • Have trees that are at least 32 inches dbh

*If "Yes", list the forest practice unit numbers from your activity map. Provide brief description of current stand conditions. Such as tree species composition, stand age (if known), and maximum tree size (dbh).*

   Harvest Unit #(s)______________ **Within the Unit**  **Within 300 feet of the Unit**

   Description:

   Harvest Unit #(s)______________ **Within the Unit**  **Within 300 feet of the Unit**

   Description:

   Harvest Unit #(s)______________ **Within the Unit**  **Within 300 feet of the Unit**

   Description:

7. If you answered yes to question 1, 4, or 5, include a map (separate from your map that shows your harvest units and/or road construction) See the instructions for the information required on each map.
Forest Practices Application/Notification
Notice of Decision

FPA/N No: 2817197
Effective Date: 10/7/2019
Expiration Date: 10/7/2022
Shut Down Zone: 658
EARR Tax Credit: [x] Eligible  [ ] Non-eligible
Reference: Toad Run

Decision
[x] Approved  This Forest Practices Application is subject to the conditions listed below.
[x] Disapproved  This Forest Practices Application is disapproved for the reasons listed below.
[ ] Closed  Applicant has withdrawn FPA/N.

FPA/N Classification
[x] Class III  [ ] Class IVG  [ ] Class IVS

Number of Years Granted on Multi-Year Request
[ ] 4 years  [x] 5 years

Conditions on Approval / Reasons for Disapproval
No additional conditions.

FOR YOUR INFORMATION:
Please notify DNR Northwest Region Office (360-856-3500) 48 business hours before commencing timber harvest operations. Please provide the application number and legal description for your operation.

Issued in person: [ ] Landowner [ ] Timber Owner [ ] Operator By:
Appeal Information
You have thirty (30) days to appeal this Decision and any related State Environmental Policy Act determinations to the Pollution Control Hearings Board in writing at the following addresses:
Physical address: 1111 Israel Rd. SW, Ste 301, Tumwater, WA 98501
Mailing address: P.O. BOX 40903, OLYMPIA, WA 98504-0903
Information regarding the Pollution Control Hearings Board can be found at: http://www.eluho.wa.gov/
At the same time you file an appeal with the Pollution Control Hearings Board, also send a copy of the appeal to the Department of Natural Resources' region office and the Office of the Attorney General at the following addresses:

Office of the Attorney General
Natural Resources Division
1125 Washington Street SE
PO Box 40100
Olympia, WA 98504-0100

Department Of Natural Resources
Northwest Region
919 N Township St
Sedro-Woolley WA 98284

Other Applicable Laws
Operating as described in this application/notification does not ensure compliance with the Endangered Species Act, or other federal, state, or local laws.

Transfer of Forest Practices Application/Notification (WAC 222-20-010)
Use the “Notice of Transfer of Approved Forest Practices Application/Notification” form. This form is available at region offices and on the Forest Practices website: http://www.dnr.wa.gov/businesspermits/forestpractices.
Notify DNR of new Operators within 48 hours.

Continuing Forest Land Obligations (RCW 76.09.060, RCW 76.09.070, RCW 76.09.390, and WAC 222-20-055)
Obligations include reforestation, road maintenance and abandonment plans, conversions of forest land to non-forestry use and/or harvest strategies on perennial non-fish habitat (Type Np) waters in Eastern Washington.

Before the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations, the seller must notify the buyer of such an obligation on a form titled “Notice of Continuing Forest Land Obligation”. The seller and buyer must both sign the "Notice of Continuing Forest Land Obligation" form and send it to the DNR Region Office for retention. This form is available at DNR region offices.

If the seller fails to notify the buyer about the continuing forest land obligation, the seller must pay the buyer’s costs related to continuing forest land obligations, including all legal costs and reasonable attorneys’ fees incurred by the buyer in enforcing the continuing forest land obligation against the seller.

Failure by the seller to send the required notice to the DNR at the time of sale will be prima facie evidence in an action by the buyer against the seller for costs related to the continuing forest land obligation prior to sale.

DNR affidavit of mailing:

On this day ___________10/8/2019_________, I placed in the United States mail at Sedro-Woolley, WA,
(post office location)
postage paid, a true and accurate copy of this document. Notice of Decision FPA # 2817197

Washington State Department of Natural Resources • Notice of Decision • August 5, 2013
Forest Practices Application/Notification

NOTICE OF TRANSFER

I/we transfer my/our rights, privileges, and obligations under this approved Forest Practices Application or Notification. I/we affirm that the information contained below is true and agree to comply with the rules authorized by the Forest Practices Act and be bound by all conditions on the approved application or notification.

FPA/N Number: 2817197  
Section(s): 25 & 26  
Township: 27N  
Range: 08E

Original Landowner (Signature):  

Original Landowner (Printed): Aaron Cleborne for Twin Peaks Timber, LLC  
Date: 5/15/2020

New Operator – Complete this section only if you are:
- [x] Changing an operator for: Timber harvest
- [ ] Adding an operator for: Timber harvest

Legal Name of New Operator: Cherry Valley Logging Co.
Mailing Address: PO BOX 597 DUVALL WA 98109
Phone: 425-788-5871
Email: justin@cvlcompany.com

New Operator Signature: [Signature]  
Date: 5/19/2020

New Landowner – Complete this section only if you are transferring your FPA to a new landowner
- [ ] No  
- [x] Yes Are you a small forest landowner per RCW 76.09.450 (if yes, continue to question below)
- [ ] No  
- [x] Yes Is your entire proposed harvest area on a single contiguous ownership consisting of one or more parcel(s)?

Legal Name of New Landowner: NO CHANGE
Mailing Address: NO CHANGE
Phone: 
Email: 

New Landowner Signature: 
Date:

New Timber Owner – Complete this section only if you are transferring your timber rights

Legal Name of Timber Owner: NO CHANGE
Mailing Address: NO CHANGE
