ADDITIONAL COMMENTS:

**KEY FOR EVALUATION OF SITE SPECIFIC
USE OF AERIALY APPLIED PESTICIDES**

Question	Question	Resp	Action
1 (a)	Is the pesticide on the pesticide list (WAC 222-16-070(1))?	<input checked="" type="radio"/> Yes <input type="radio"/> No	go to 2
1 (b)	Is the pesticide being used under a Dept of Agriculture Experimental Use Permit (WAC 16-228-1460)?	<input type="radio"/> Yes <input type="radio"/> No	go to 1(b) Class III Class IV Sp
2	Is the toxicity rating for the pesticide to be used "Danger - Poison" as designated in the pesticide list (WAC 222-16-070(1)(b))?	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp go to 3(a)
3 (a)	Is <i>Bacillus thuringiensis</i> (BT) the only pesticide being used on this application?	<input type="radio"/> Yes <input checked="" type="radio"/> No	go to 3(b) go to 4(a)
3 (b)	Is there a Threatened or Endangered species or the critical habitat (Federal) or critical habitat (State) of a species within the application area that is susceptible to the BT strain being used?	<input type="radio"/> Yes <input type="radio"/> No	Class IV Sp Class III
4 (a)	Is this operation occurring over ground water with a high susceptibility to contamination as specified in EPA 910/ 9-87-169 or in documentation provided by the department of ecology?	<input checked="" type="radio"/> Yes <input type="radio"/> No	go to 4(b) go to 5(a)
4 (b)	Is this pesticide a state restricted use pesticide for the protection of ground water under WAC 16-228-1231?	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp go to 5(a)
5 (a)	Is the operation adjacent (within 100 ft.) of surface water?	<input checked="" type="radio"/> Yes <input type="radio"/> No	go to 5(b) go to 5(e)
5 (b)	Determine the toxicity rating from the pesticide list: *Is the toxicity rating "Caution" or "Warning"? *Is the toxicity rating "Danger"?	<input checked="" type="radio"/> Yes <input type="radio"/> Yes <input type="radio"/> No	go to 5(c) go to 5(d) Class IV Sp
5 (c)	Is there a Group A or B water surface water system (WAC 246-290-020) intake OR a fish hatchery intake within one half mile downstream of the operation?	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp go to 5(e)
5 (d)	Is there a Group A or B water surface system intake OR a fish hatchery intake within 1 mile downstream of the operation?	<input type="radio"/> Yes <input type="radio"/> No	Class IV Sp go to 5(e)
5 (e)	Is the operation within 200 feet of the intake of a Group A or B spring water system?	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp go to 5(f)
5 (f)	Is the operation applying a pesticide in a Type A or B wetland?	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp go to 6(a)
6 (a)	Does any portion of the planned operation cover 240 or more contiguous acres? Pesticide treatment units will be considered contiguous if they are separated by less than 300 feet or treatment dates of adjacent units are less than 90 days apart.	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp go to 6(b)
6 (b)	Is there a Threatened or Endangered species or the critical habitat (Federal) or critical habitat (State) of a species within the application area?	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp go to 6(c)
6 (c)	If there is a special concern identified for this pesticide in the Board manual, does it apply to this application?	<input type="radio"/> Yes <input checked="" type="radio"/> No	Class IV Sp Class III

- (1) Special concerns (see WAC 222-16-070 (2)6(c)) shall be evaluated by the department of agriculture. Information regarding special concerns shall be presented to the board for review. Approved special concerns shall be included in the board manual. Special concerns shall include situations where use of pesticides has the potential for a substantial impact on the environment, beyond those covered specifically in the key in subsection (2) of this section.

RECEIVED NW REGION

AUG 12 2016

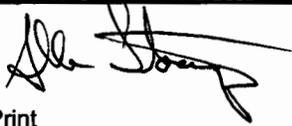

5. Is this proposal: (Answer every question)

- a. No. Yes. Within the city limits or an urban growth area? *If Yes, include SEPA Checklist or SEPA Determination or approved 10-year management plan*
- b. No. Yes. Within a public park? *If Yes, include SEPA Checklist or SEPA Determination*
- c. No. Yes. Within 500 feet of a public park? Park name: _____
- d. No. Yes. For an Alternate Plan? *If yes, include a copy of the Alternate Plan*
- e. No. Yes. Using a chemical that is not registered or for a use that is not allowed under the label? *If yes, include a copy of your Experimental Use Permit and a SEPA Checklist*
- f. No. Yes. Applying a pesticide in a Type A or Type B Wetland? *If Yes, include a SEPA Checklist or SEPA Determination*

6. Chemical Information - Show all buffers on your Activity Map

Type of Chemical (Herbicide, rodenticide, insecticide,	EPA Number	Contiguous Acres Being Treated	Will You Spray Within 100 feet of Agricultural Land?	Will You Spray Within 200 feet of a Residence?	Will You Spray Within 100 feet of Surface Water?
See attached	See attached list	267	Yes	Yes	No

- 7. **Have you reviewed this forest practices activity area to determine whether it may involve historic sites and/or Native American cultural resources? Read the instructions before answering this question.**
 No. Yes.
- 8. **We understand that applying chemicals is not an activity included as part of the DNR's Incidental Take Permit for aquatic species. We affirm that the information contained herein is true, and understand that this proposed forest practice is subject to the Forest Practices Act and Rules as well as all other federal, state or local regulations. Compliance with the Forest Practices Act and Rules does not ensure compliance with the Endangered Species Act or other federal, state or local laws.**

WASHINGTON STATE DEPARTMENT OF
Natural Resources
 Peter Goldmark - Commissioner of Public Lands

FPA/N No: 2815340
 Effective Date: 8/23/2016
 Expiration Date: 8/23/2019

**Forest Practices Application/Notification
 Notice of Decision**

Shut Down Zone: _____
 EARR Tax Credit: Eligible Non-eligible
 Reference: Pacific Denkmann

DECISION:

- NOTIFICATION Operations shall not begin before the effective date.
- APPROVED This Forest Practices Application is subject to the conditions listed below.
- DISAPPROVED This Forest Practices Application is disapproved for the reasons listed below.
- CLOSED Applicant has withdrawn FPA/N.

FPA/N CLASSIFICATION

Number of Years Granted on Multi-Year Request

Class II Class III Class IVG Class IVS 4yrs 5 yrs

Conditions on Approval / Reasons for Disapproval

No aerial application to surface waters including, Type 4 & 5 surface waters (Type 5 waters include flowing ditches if the ditch water delivers to a typed 1-5 water or wetland).

No aerial application to RMZ core or inner zones of Type 1 - 3 water; or Type A or B WMZs. Spray buffer widths are variable (based on application height, nozzle orifice size, wind factors and riparian rules for channel width and site class).

Offsets (in addition to buffers) must be maintained to guard against drift.

Apply a minimum 100 foot buffer adjacent to AG land; and Apply a minimum 200 foot buffer near residences. Best Management Practices need to be considered when establishing wider alternate buffers.

Spray buffers must be marked in the field prior to aerial application. Field markers must be clearly visible by the pilot from the air.

Contact the Dept. of Natural Resources at least two (2) working days prior to the start of operations. Call (360) 856-3500 for Forest Practices to leave notice.

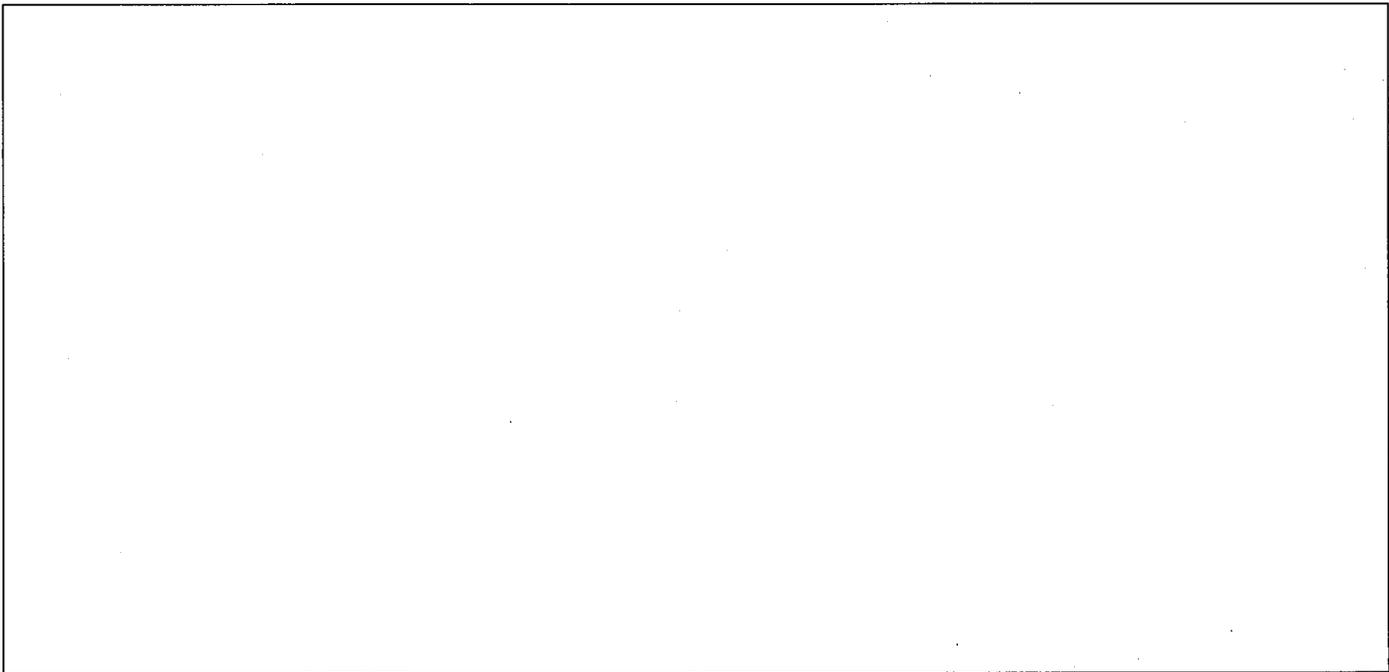

NOTICE:

As of August 15, 2014, the United States Environmental Protection Agency (EPA) reinstated no-spray buffer zones for ground and aerial applications of certain pesticides around salmon-supporting waters in Washington, Oregon, and California.

Where the EPA buffers are wider than those required by the Washington State forest practices rules, the EPA buffers shall be used.

To determine if you will need to leave the EPA buffers on your spray operation, refer to the Washington State Department of Agriculture's internet web site at: <http://agr.wa.gov/pestfert/natresources/buffers.aspx>. It is important to check the Department of Agriculture's website immediately before spraying to ensure that you have the most current information.

For questions regarding the EPA buffers email espp@epa.gov. For help with interpreting the maps and tables on the website or for additional information on applying pesticides, contact the Washington State Department of Agriculture - Pesticide Management Division at 360 902 2040.

Copies to: Landowner, Timber Owner and Operator

Issued in Person: Landowner, Timber Owner Operator By: _____

Appeal Information

You have thirty (30) days to appeal this Decision and any related State Environmental Policy Act determinations to the Pollution Control Hearings Board in writing at the following addresses:

Physical address: 1111 Israel Rd. SW, Ste 301, Tumwater, WA 98501

Mailing address: P.O. BOX 40903, OLYMPIA, WA 98504-0903

Information regarding the Pollution Control Hearings Board can be found at: <http://www.eluho.wa.gov/>

At the same time you file an appeal with the Pollution Control Hearings Board, also send a copy of the appeal to the Department of Natural Resources' region office and the Office of the Attorney General at the following addresses:

Office of the Attorney General
Natural Resources Division
1125 Washington Street SE
PO Box 40100
Olympia, WA 98504-0100

And

Department Of Natural Resources
Northwest Region
919 N Township Street
Sedro-Woolley, WA 98284

Other Applicable Laws

Operating as described in this application/notification does not ensure compliance with the Endangered Species Act, or other federal, state, or local laws.

Hydraulic Project Approval (HPA) (Chapter 77.55RCW and WAC 222-50-020(2))

The Department of Fish and Wildlife (WDFW), as the jurisdictional agency issuing HPAs, has final authority for approving water crossing structures in Type S and F waters. WDFW continues to have authority on Type N waters and may exercise that authority on some Type N waters.

Notice: The HPA water crossing requirements supersede what is indicated on the FPA. Landowners are required by law to follow the provisions as directed on the HPA.

Transfer of Forest Practices Application/Notification (WAC 222-20-010)

Use the "Notice of Transfer of Approved Forest Practices Application/Notification" form. This form is available at region offices and on the Forest Practices Division website: <http://www.dnr.wa.gov/businesspermits/forestpractices>. Notify DNR of new Operators within 48 hours.

Continuing Forest Land Obligations (RCW 76.09.060, RCW 76.09.070, RCW 76.09.390, and WAC 222-20-055)

Obligations include reforestation, road maintenance and abandonment plans, conversions of forest land to non-forestry use and/or harvest strategies on perennial non-fish habitat (Type Np) waters in Eastern Washington.

Before the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations, the seller must notify the buyer of such an obligation on a form titled "Notice of Continuing Forest Land Obligation". The seller and buyer must both sign the "Notice of Continuing Forest Land Obligation" form and send it to the DNR Region Office for retention. This form is available at DNR region offices.

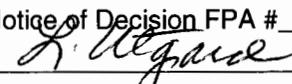

If the seller fails to notify the buyer about the continuing forest land obligation, the seller must pay the buyer's costs related to continuing forest land obligations, including all legal costs and reasonable attorneys' fees incurred by the buyer in enforcing the continuing forest land obligation against the seller.

Failure by the seller to send the required notice to the DNR at the time of sale will be prima facie evidence in an action by the buyer against the seller for costs related to the continuing forest land obligation prior to sale.

DNR affidavit of mailing:

On this day 8/24/2016, I placed in the United States mail at Sedro-Woolley, WA, postage paid, a true and accurate copy of the attached document. Notice of Decision FPA # 2815340
