3. **Are you converting any portion of the land to non-forestry use within 3 years of harvest?**

   - [ ] No  [X] Yes  
   
   If yes, include your SEPA checklist and SEPA determination (if applicable) and county clearing and grading permit (if applicable).

4. **If you are harvesting timber, enter the Forest Tax Number of the Timber Owner:**

   800 059 489

   *Contact the Department of Revenue at 1-800-548-8829 for tax reporting information or to obtain a number.*

   a. **Are you eligible for EARR Tax Credit?**

   - [ ] No  [X] Yes
5. Are you a small forest landowner per RCW 76.09.450? See instructions

☐ No ☐ Yes  If yes, Check all that apply. If no, skip to Question 6.
- My entire proposed harvest area is on a single contiguous ownership consisting of one or more parcels.
- My proposed forest practices activities are within an area covered by an approved Forest Stewardship Plan or Forest Management Plan developed in cooperation with DNR.
- I received technical assistance from a DNR small forest landowner Stewardship and Technical Assistance Forester in preparing this FPA/N.
- I have participated in a Washington State University Extension Service and/or DNR-sponsored Forest Stewardship Coached Planning course.
- I have attended a Washington State University Extension Service and/or DNR-sponsored Family Forest Owner Field Day.

6. Are you substituting prescriptions from an approved state or federal conservation agreement or Watershed Analysis?

☐ No ☐ Yes  Write 'HCP' or 'Using Prescriptions' in tables that apply. Attach or reference prescriptions and/or crosswalks for approved state or federal conservation agreements or Watershed Analysis on file at the Region office.

7. What is the legal description of your forest practices?

<table>
<thead>
<tr>
<th>Section</th>
<th>Township</th>
<th>Range</th>
<th>E/W</th>
<th>Tax Parcel Number</th>
<th>County</th>
</tr>
</thead>
<tbody>
<tr>

<td>E</td>
<td></td>
<td>Snohomish</td>
</tr>
<tr>
<td>15</td>
<td>27N</td>
<td>08</td>
<td>E</td>
<td></td>
<td>Snohomish</td>
</tr>
</tbody>
</table>

8. Have you reviewed this forest practices activity area to determine whether it may involve historic sites and/or Native American cultural resources? Read the instructions before answering this question.

☐ No ☐ Yes  If you made any contacts, please provide information in Question 28.

9. Do you have a DNR approved Road Maintenance and Abandonment Plan (RMAP)?

☐ No  Is a Small Forest Landowner RMAP Checklist required (see instructions)? ☐ No ☐ Yes

☐ Yes  Enter your RMAP number: R2000056L

☐ No ☐ Yes  Is this FPA/N for work that is included in this approved RMAP?

10. Are there potentially unstable slopes or landforms in or around the area of your forest practices activity?

☐ No ☐ Yes  If yes, attach Appendix D. Slope Stability Informational Form and map of areas reviewed for and locations of unstable slopes and landforms found. If applicable, attach a geotechnical letter, memo, or report, Watershed Analysis prescriptions, and/or a SEPA Environmental Checklist.
11. Is this Forest Practices Application/Notification (answer every question):
   a. ☒ No ☐ Yes A request for a multi-year permit? If yes, length requested: ☐ 4 years or ☐ 5 years. Not everyone qualifies for a multi-year permit. See instructions for details.
   b. ☒ No ☐ Yes An Alternate Plan? If yes, include a template or detailed plan. See instructions for details.
   c. ☒ No ☐ Yes For a funded Forest Family Fish Passage Program project?
   d. ☒ No ☐ Yes Within an urban growth area? If yes, see instructions for additional required documents.
   e. ☒ No ☐ Yes Within a public park? If yes, include SEPA Environmental Checklist or SEPA Determination, except for harvest/salvage of less than 5,000 board feet within a developed public park. Park name: ____________________________
   f. ☒ No ☐ Yes Within 500 feet of a public park? Park name: ____________________________
   g. ☒ No ☐ Yes In an approved Conversion Option Harvest Plan (COHP) from the local government? If yes, include a copy. This only applies to proposals within urban growth areas.
   h. ☒ No ☐ Yes Within 200 feet of the Ordinary High Water Mark (OHWM) or floodway of Type S Water? If yes, check with the county or city to determine whether a substantial development permit is required under the local shorelines master plan.
   i. ☐ No ☒ Yes Within 50 miles of saltwater AND you own more than 500 acres of forest land in Washington State? If yes, include Marbled Murrelet Form or attach/reference HCP prescriptions.
   j. ☒ No ☐ Yes In or directly adjacent to a potential Channel Migration Zone (CMZ)? If yes, include CMZ Assessment Form. Attach/reference applicable HCP and/or Watershed Analysis prescriptions.

You are required to verify all waters within 200 feet of your proposed forest practices activities prior to submitting a Forest Practices Application / Notification. Use the Water Type Classification Worksheet and/or a Water Type Modification form to explain how you verified water types. See Water Typing Requirements in the instructions.

***** If not working in or over typed Waters, skip to Question 16 *****

Prior to answering Questions 12-15 in this section please refer to the Forest Practices Application Instructions and Forest Practices Board Manual Section 5.

12. Are you proposing any of the following projects NOT permitted by current HPAs from WDFW?
   a. ☒ No ☐ Yes Installing, replacing, or repairing a culvert at or below the bankfull width of Type S or F Water(s) that exceeds a five percent gradient?
   b. ☒ No ☐ Yes Constructing, replacing, or repairing a bridge at or below the bankfull width of unconfined streams in Type S or F Water(s)?
   c. ☒ No ☐ Yes Placing fill material within the 100-year flood level of unconfined streams in Type S or F Water(s)?

13. Have you consulted with DNR and/or WDFW about the proposed hydraulic project(s) in or over Type S or F Water? ☒ No ☐ Yes
14. If installing, replacing, removing, or maintaining structures in or over any typed Water, complete the table below. Provide crossing locations and identifiers on your Activity Map. Provide plan details in Question 28 or attach plan to the FPA/N. Type S and F Waters require detailed plan information. Complex hydraulic projects in Type N Waters may also be required per WAC 222-24-042(2). See instructions for detailed plan requirements.

<table>

</table>

*Existing HPAs issued by WDFW will be complied and enforced by WDFW until expiration. Plan details are not required for hydraulic projects permitted with an existing HPA (see instructions).

**Fords and/or equipment crossings on Type S and F Waters may result in an unauthorized incidental take of certain threatened or endangered fish species. For more information, see ‘Background for the State’s Incidental Take Permits for certain threatened and endangered fish species’ following Question 22 of the FPA/N Instructions.

15. If conducting any of the following activities in or over typed Water(s), complete the table below. Some activities will require identifiers on the Activity Map and/or more information in Question 28. See instructions.

<table>
<thead>
<tr>
<th>*Activity</th>

</tbody>
</table>
20. Reforestation. Check all that apply:

☒ Planting. Tree Species: Douglas-fir

☐ Natural. Include a Natural Regeneration Plan

☐ Not required because of one or more of the following:

☐ I am converting some or all of this land to non-forest land in the next 3 years or lands are exempted under WAC 222-34-050.

☐ Individual dead, dying, down, or wind-thrown trees will be salvaged.

☐ Trees are removed under a thinning program reasonably expected to maximize the long-term productivity of commercial timber.

☐ I am leaving at least 100 vigorous, undamaged, and well-distributed saplings or merchantable trees per acre.

☐ An average of 190 tree seedlings per acre are established on the harvest area and my harvest will not damage them.

☐ Road right-of-way or rock pit development harvest only.

** Do you own MORE than 80 acres of forest land in Washington? If yes, skip to Question 25 **

21. Are you using the exempt 20-acre parcel riparian management zone (RMZ) rule (WAC 222-30-023) on Type S, F, or Np Waters?

☐ No Skip to Question 25.

☐ Yes Continue to Question 22. See instructions for qualifications and information.

22. Choose the answer below that best fits your situation. Show all RMZs on the Activity Map.

☐ a. ALL of the following apply to me and my land: (If no, answer b.)

• Between June 5, 2006 and today's date I have always owned less than 80 acres of forest land in Washington.

• Between June 5, 2006 and today's date this parcel has always been 20 acres or less of contiguous ownership. See RCW 76.09.020 for definition of 'contiguous'.

• Between June 5, 2006 and today's date this parcel has always been owned by me or someone else that has owned less than 80 acres of forest land in Washington.

b. ONE OR MORE of the following apply to me and/or my land (check all that apply): If any of the statements below apply AND you use the exempt 20-acre parcel RMZ rule, you are NOT authorized under the State's Incidental Take Permits (see explanation in FPA instructions under Question 22).

☐ Between June 5, 2006 and today's date I have owned more than 80 acres of forest land in Washington.

☐ Between June 5, 2006 and today's date this parcel has been a part of more than 20 acres of contiguous ownership. See RCW 76.09.020 for definition of 'contiguous'.

☐ Between June 5, 2006 and today's date this parcel has been owned by someone that has owned
23. If harvesting within 115 feet of a Type S or F Water on an exempt 20-acre parcel, complete the table below. Show RMZs and stream segment identifiers on the Activity Map. If you are harvesting within 75 feet or within the maximum RMZ (whichever is less), stream shade must be assessed and met following harvest. Describe in Question 28 how stream shade was determined to be met, using the ‘Appendix F. Stream Shade Assessment Worksheet’ if necessary.

<table>
<thead>
<tr>
<th>Stream Segment Identifier (letter)</th>
<th>Water Type (S, F)</th>

</tr>
</tbody>
</table>

24. Are you harvesting within 29 feet of a Type Np Water on an exempt 20-acre parcel?

☐ No  Skipping to Question 27.

☐ Yes  See instructions and describe leave tree strategy in Question 28. Then skip to Question 27.

25. If harvesting within 200 feet of any Type S or F Water or periodically inundated areas of their associated wetlands, complete the table below. Include Desired Future Condition (DFC) for all inner zone harvests unless you have an HCP prescription. Show RMZs, CMZs, and stream segment identifiers on the Activity Map. If you are harvesting within 75 feet or within the maximum RMZ, whichever is less, stream shade must be assessed and met following harvest. Describe in Question 28 how stream shade was determined to be met or use the ‘Appendix F. Stream Shade Assessment Worksheet’ if necessary.

<table>
<thead>

</tbody>
</table>

28. **Additional Information (attach additional pages if necessary):** For hydraulic projects in or over Type S, F, or complex N Water(s) see instructions for required plan information. If applicable, include mitigation measures from a geotechnical memo, letter, or report.

"Hatfield" FPA:

- WTM NW-07-18-0039 addresses streams F1, Np1, & Ns1.
- WTM NW-07-18-0040 addresses stream Ns3.
- All Ns streams have been walked to the top of the channel and have been observed dry
- An equipment crossing location for Ns5 is shown on the attached map. The hydrology in the area between FWel-2 & FWel-3 becomes more channelized at Ns5, and this is the area where equipment crossing will occur. Equipment will utilize logs for crossing this stream area during operations and will removed these logs after harvest is complete.

Out of continuing concern for social distancing measures while operating as an essential business, we are requesting the following for field visits on our property at this time:

- Advance communication from all participants expressing interest in a field visit
- Ability of each participant to drive to from the site in separate vehicles equipped to safely navigate the access route
- Completing a health questionnaire documenting an absence of risk factors for the day of each visit
- Maintaining minimum 6 foot separation at all times during meetings.
29. We acknowledge the following:

- The information on this application/notification is true.
- We understand this proposed forest practice is subject to:
  - The Forest Practices Act and Rules AND
  - All other federal, state or local regulations.
- Compliance with the Forest Practices Act and Rules does not ensure compliance with the Endangered Species Act or other federal, state or local laws.
- If we said that we would not convert any portion of the land to non-forestry use, the county or city may deny development permits on this parcel for the next 6 years.
- The following may result in an unauthorized incidental take of certain endangered or threatened fish species:
  - Conversion of land to non-forestry use.
  - Harvesting within the maximum RMZ on a 20-acre exempt parcel that was acquired after June 5, 2006.
  - Equipment Crossings/Fords in or over Type S and F Waters.
- Inadvertent Discovery – Chapters 27.44, 27.53, 68.50 and 68.60 RCW
  - If you find or suspect you have found an archaeological object or Native American cairn, grave, or glyptic record, immediately cease disturbance activity, protect the area and promptly contact the Department of Archaeology and Historic Preservation at 360 586-3077.
  - If you find or suspect you have found human skeletal remains, immediately cease disturbance activity, protect the area, and contact the County Coroner or Medical Examiner and local law enforcement as soon as possible. Failure to report human remains is a misdemeanor.

The landowner understands that by signing and submitting this FPA, he/she is authorizing the Department of Natural Resources to enter the property in order to review the proposal, inspect harvest operations, and monitor compliance for up to three years after its expiration date. RCW 76.09.150

*NOTE: If you are a “Perpetual Timber Rights Owner,” and are submitting this without the Landowner’s Signature, provide written evidence the landowner has been notified.

Please make a copy of this FPA/N for your records. If this FPA/N contains a hydraulic project requiring WDFW concurrence review, it will not be available online for public review until after the WDFW concurrence review period.
Appendix A. Water Type Classification Worksheet
Western Washington

Stream/Segment ID: F1
Date(s) Observed: 5/29/18

Stream/Segment ID: Np1
Date(s) Observed: 5/29/18, 9/10/19

Stream/Segment ID: Ns1
Date(s) Observed: 5/29/18, 9/10/19

1. Did you determine fish use as described in the Forest Practices Board Manual Section 13? Or, does the stream have waiver characteristics? [See WAC 222-16-031(3)(b)(ii)]
   - [X] Yes. Attach documentation or approved WTMF number: NW-07-18-0039
   - No. Continue
   - Fish found. Type F water. Stop.
   - No fish. Continue to 6.
   - Yes. Meets waiver criteria. Continue to 6.

2. Were fish observed or are fish known to use the stream any time of the year?
   - [X] Yes. Type F water. Stop.
   - No. Continue.
   - No. Continue.

3. Is there an impoundment (ponded water) upstream of the assessed segment that is greater than 0.5 acres?
   - [X] Yes. Type F water. Stop.
   - No. Continue.
   - No. Continue.

4. Are there segments within or upstream of the assessed portion of the stream where the average bankfull width is two feet or greater? AND, is the average stream gradient less than or equal to 16%?
   - [X] Yes. Type F water. Stop.
   - No. Continue.
   - No. Continue.

5. Are there segments within or upstream of the assessed portion of the stream where the average bankfull width is two feet or greater? AND, is the average stream gradient between 16% and 20%? AND, is the contributing basin to the stream greater than 50 acres?
   - [X] Yes. Type F water. Stop.
   - No. Continue.
   - No. Continue.

6. Does the stream segment contain water at all times during a normal rainfall year?
   - [X] Yes. Type Np water. Go to 9.
   - No. Continue.
   - No. Continue.

7. Is the stream segment downstream of a perennial source of water?
   - [X] Yes. Type Np water. Go to 9.
   - No. Continue.

8. Is the stream physically connected by an above-ground channel to Type S, F, or Np water?
   - Yes, Type Ns water.
   - No, non-typed water.

9. Describe how you determined the uppermost point of perennial flow. Include a description of its location and show the point on a map (Use a separate piece of paper if necessary).
   - Stream/Segment ID: Np1
     - Determined by field review 9/10/19

Marbled Murrelet Form
Western Washington Forest Practices Application/Notification

Complete this form only if you are harvesting timber (including salvage) or constructing roads. Do not complete this form if you have an HCP for marbled murrelets.

Answer every question.

1. ☒ No ☐ Yes For this FPA/N, has a protocol survey(s) been completed that includes:
   - Harvest units (and within 300 ft on your ownership), or
   - Salvage units (and within 300 ft on your ownership), or
   - Any area of proposed road construction (and within 300 ft on your ownership)

   If 'Yes', fill out the table and check the appropriate findings below.

<table>
<thead>
<tr>
<th>Survey ID (Name or Unit #)</th>
<th>Township, Range, &amp; Section</th>
<th>Survey was approved by WDFW (Attach approval letter from WDFW)</th>
<th>Survey was disapproved by WDFW and is being resubmitted with this FPA/N (Explain below)</th>
<th>Survey has been submitted to WDFW and survey approval is unknown (Explain below)</th>
<th>Survey is complete but has not yet been submitted to WDFW (Submit survey with FPA/N)</th>
</tr>
</thead>
<tbody>

Explanation:

2. ☒ No ☐ Yes ☐ Unknown Will you harvest, salvage, or construct roads within 0.25 miles of an occupied site?

3. ☒ No ☐ Yes ☐ Unknown Will you fly helicopter(s) over or within 0.25 miles of an occupied site?

4. ☒ No ☐ Yes Will you harvest live trees in a buffer of an occupied site?

   If Yes, describe the leave trees and buffer widths you will leave. NOTE: if you leave less than required in WAC 222-16-080(1) (i) (v) this is a Class IV-Special and an Environmental Checklist is required

Description of managed buffers:

Form Q046 (05-14-05) 1 of 2
5. No  Yes

Are there nesting platforms within any harvest unit (including salvage and road construction) that are within 300 feet that:

- Are not located within a surveyed area, and;
- Have a minimum of 2 platforms per acre, and;
- Are located within 7 or more acres of contiguous habitat, and;
- Have a least 40% (number not volume) of the dominant and co-dominant trees made up of Douglas-fir, western hemlock, western red cedar, or Sitka spruce?

If "Yes", complete the table below for those areas.

<table>
<thead>
<tr>
<th>Name or # (as shown on map) of delineated stands of contiguous habitat</th>
<th>Delineated stand acres</th>
<th>Nesting platforms per acre</th>
<th>Number of trees 32 inches dbh or greater with platforms</th>
<th>Platform Assessment Method</th>
</tr>

</tbody>
</table>

6. No  Yes

Are there areas within this forest practice or within 300 feet that:

- Are not surveyed, and;
- Are not listed in question 5, and;
- Have trees that are at least 32 inches dbh

If "Yes", list the forest practice unit numbers from your activity map. Provide brief description of current stand conditions. Such as tree species composition, stand age (if known), and maximum tree size (dbh).

Harvest Unit #s  1  X  Within the Unit  □  Within 300 feet of the Unit

Description:
Scattered 32" DBH trees exist. However, does not meet minimum platform criteria.

Harvest Unit #s  1  □  Within the Unit  X  Within 300 feet of the Unit

Description:
Scattered 32" DBH trees exist. However, does not meet minimum platform criteria.

Harvest Unit #s  □  Within the Unit  □  Within 300 feet of the Unit

Description:

7. If you answered yes to question 1, 4, or 5, include a map (separate from your map that shows your harvest units and/or road construction) See the instructions for the information required on each map.

Form Q046 (05-14-05)  2 of 2
“Hatfield” FPA
DECISION TREE FOR CLASSIFICATION OF FOREST PRACTICES
NORTHERN SPOTTED OWL in WESTERN WASHINGTON

1. Does the proposal include harvesting, road construction, or aerial application of pesticides
   YES—3
   NO—not Class IV-S

2. Are the forest practices consistent with one or more of the documents, agreements, or plans in WAC 222-16-080 (6) subsections (a) through (f)
   YES—not Class IV-S
   NO—3

3. Are the forest practices within a SOSEA boundary (see maps in WAC 222-16-086)
   YES—5
   NO—4

4. Are the forest practices proposed between March 1 and August 31 on the seventy acres of highest quality suitable spotted owl habitat surrounding a northern spotted owl site center
   YES—Class IV-S
   NO—not Class IV-S
   UNCERTAIN—Department: consults with WDFW to delineate highest quality suitable habitat (confer WAC 222-16-085 (1) for definitions)

5. Are the forest practices proposed on the lands owned or controlled by a landowner whose forest land ownership within the SOSEA is less than or equal to 500 acres AND where the forest practice is not within 0.7 mile of a northern spotted owl site center
   YES—not Class IV-S
   NO—6

6. Are the forest practices within a median home range circle that is centered within the SOSEA or on adjacent federal lands
   YES—7
   NO—not Class IV-S

7. Have surveys demonstrating the absence of northern spotted owls at the northern spotted owl site center been reviewed and approved by the department of fish and wildlife AND have all three of the criteria in WAC 222-16-080 (6) (g) been met
   YES—not Class IV-S
   NO—8

8. Are there 3 or more trees 20 inches dbh or larger and 16 feet or more in height per acre with various deformities such as large cavities, broken tops, dwarf mistletoe infections, and other indications of decadence
   YES—18
   NO—9

9. Are there 3 or more snags 20 inches dbh or larger and 16 feet or more in height per acre
   YES—18
   NO—10

---

¹ Note that 'not Class IV-S' as used throughout this decision tree does not preclude Class IV-Special designation for reasons other than the presence of critical habitat (state) for Northern spotted owl and does not address whether disturbance avoidance measures for Northern spotted owl may apply.
² Note proponent may have to submit: detailed information and mapping to support this determination.
³ Alternately, proceed to Question 8 to evaluate whether suitable habitat may be present. Note that if habitat is present (i.e., answer to Questions 16 and/or 19 is "yes") it will still be necessary to determine the seventy acres of highest quality suitable spotted owl habitat.
10. Are there 2 or more snags 20 inches dbh or larger and 16 feet or more in height per acre
   YES—12
   NO—11

11. Is greater than or equal to 10% of the ground covered with 4 inch diameter or larger
   wood, with 25-60% shrub cover
   YES—12
   NO—not Class IV-S

12. Does the forest stand contain dominants/codominant trees greater than or equal to 85
    feet high
    YES—13
    NO—not Class IV-S

13. Does the forest stand exhibit vertical diversity with 2 or more layers and 25 - 50%
    intermediate trees
    YES—16
    NO—14

14. Does the forest stand contain 115-280 trees/acre greater than or equal to 4 inches dbh
    YES—16
    NO—15

15. Does the forest stand have a quadratic mean diameter of greater than 13 inches and a
    basal area of greater than 100 ft2 per acre
    YES—16
    NO—not Class IV-S

16. Is the forest stand conifer-dominated or conifer-hardwood (greater than or equal to 30%
    conifer) AND greater than or equal to 70% canopy closure
    YES—17
    NO—not Class IV-S

17. Are there 3 or more snags 20 inches dbh or larger and 16 feet or more in height per acre
    YES—Class IV-S (presence of sub-mature habitat)
    NO—Class IV-S (presence of young forest marginal habitat)

18. Does the forest stand have canopy closure of 60% or more and a layered, multispecies
    canopy where 50% or more of the canopy closure is provided by large overstory trees
    (typically, there should be at least 75 trees greater than 20 inches dbh per acre, or at
    least 35 trees 30 inches dbh or larger per acre)
    YES—19
    NO—10

19. Are there more than two fallen trees 20 inches dbh or greater per acre and other woody
    debris on the ground
    YES—Class IV-S (presence of old forest habitat)
    NO—10

April 2020 - Notice of Decision
Appeal Information
You have thirty (30) days to file (i.e., actually deliver) an appeal in writing of this Decision and any related State Environmental Policy Act (SEPA) determinations to the Pollution Control Hearings Board, the Attorney General’s Office, and the Department of Natural Resources’ region office. See RCW 76.09.205. The appeal period starts when the applicant receives this decision, which usually happens electronically on the date indicated below.

You must file your appeal at all three addresses below:

<table>
<thead>
<tr>
<th>Pollution Control Hearings Board</th>
<th>Office of the Attorney General Natural Resources Division</th>
<th>Department Of Natural Resources Insert Region Region</th>
</tr>
</thead>
<tbody>
<tr>

Information regarding the Pollution Control Hearings Board can be found at: [http://www.eluho.wa.gov/](http://www.eluho.wa.gov/)

Other Applicable Laws
Operating as described in this application/notification does not ensure compliance with the Endangered Species Act, or other federal, state, or local laws.

Transfer of Forest Practices Application/Notification (WAC 222-20-010)
Use the “Notice of Transfer of Approved Forest Practices Application/Notification” form. This form is available at region offices and on the Forest Practices website: [http://www.dnr.wa.gov/businesspermits/forestpractices](http://www.dnr.wa.gov/businesspermits/forestpractices). Notify DNR of new Operators within 48 hours.

Continuing Forestland Obligations (RCW 76.09.060, RCW 76.09.070, RCW 76.09.390, and WAC 222-20-055)
Obligations include reforestation, road maintenance and abandonment plans, conversions of forestland to non- forestry use and/or harvest strategies on perennial non-fish habitat (Type Np) waters in Eastern Washington.

Before the sale or transfer of land or perpetual timber rights subject to continuing forest and obligations, the seller must notify the buyer of such an obligation on a form titled “Notice of Continuing Forest Land Obligation”. The seller and buyer must both sign the “Notice of Continuing Forest Land Obligation” form and send it to the DNR Region Office for retention. This form is available at DNR region offices.

If the seller fails to notify the buyer about the continuing forestland obligation, the seller must pay the buyer’s costs related to continuing forestland obligations, including all legal costs and reasonable attorneys’ fees incurred by the buyer in enforcing the continuing forestland obligation against the seller.

Failure by the seller to send the required notice to DNR at the time of sale will be prima facie evidence in an action by the buyer against the seller for costs related to the continuing forestland obligation prior to sale.

DNR affidavit of mailing:
On this day 7/10/2020, I placed in the United States mail at Sedro-Woolley, WA, postage paid, a true and accurate copy of this document. Notice of Decision FPA #2817484
